December 30, 2013

Honorable Members of the Bibb County Board of Commissioners and Citizens of Bibb County, Georgia:

State law requires that all local governments publish within six months of the close of each fiscal year a complete set of financial statements based on accounting principles generally accepted in the United States of America and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of Bibb County, Georgia for the fiscal year ended June 30, 2013.

This report consists of management's representations concerning the finances of Bibb County, Georgia. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects. All disclosures necessary to enable interested citizens to gain a reasonable understanding of the County's financial activities have been included.

The County's financial statements have been audited by Mauldin & Jenkins L.L.C., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of Bibb County for the fiscal year ended June 30, 2013, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the County's financial statements for the fiscal year ended June 30, 2013 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Single Audit section of the Comprehensive Annual Financial Report for Bibb County.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Bibb County, Georgia, incorporated in 1822, is located in the central part of the state, some 80 miles south of Atlanta on Interstate 75, the major link of the South to the Upper Mid-West industrial area, and serves a population of 156,433. Bibb County is empowered to levy a property tax on both real and personal properties located within its boundaries.

The County operates under a County Commission form of government. The Board consists of four (4) Commissioners elected by districts who serve part-time and one (1) Commissioner elected Countywide, who serves as a part-time Chairman. The Chief Administrative Officer is responsible for the day-to-day operations of the County. The governing body (Bibb County Board of Commissioners) of the County is responsible, among other things, for passing ordinances, adopting the budget, appointing department heads, making appointments to agencies and authorities within the county, and hiring both the county attorney and county auditor. The Commissioners each serve a four-year term.

The annual budget serves as the foundation for the County's financial planning and control. All departments and agencies funded by the County are required to submit a request for appropriations to the government's Finance Department each year. The commission is required to hold public hearings on the proposed budget and to adopt a final budget no later than June 30, the close of Bibb County's fiscal year. The appropriated budget is prepared by fund (e.g., general), function (e.g., public works) and department (e.g., engineering).

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Bibb County operates.

Local Economy

One of the strengths of the local economy is diversification of the types of industries located in Bibb County with healthcare and insurance providing the most jobs. The aerospace, manufacturing, lodging and food service industries also provide a large number of well-paid jobs. Robins Air Force Base (RAFB), located in adjacent Houston County, continues to favorably impact the Bibb County economy. RAFB has an annual federal payroll of \$1.41 billion and a retiree payroll of \$692 million. Using the standard Air Force formula, the annual value of indirect jobs created was \$1.21 billion for a total economic impact of \$2.87 billion in Georgia for fiscal 2012.

The Bibb County Board of Commissioners, the Macon-Bibb County Industrial Authority, the Macon Economic Development Commission and the Greater Macon Chamber of Commerce work together as a team to promote and encourage economic development. Since 2004, when Bibb County lost one of its largest private employers, the collaborative efforts of this team have made it possible to successfully recruit and/or retain over 59 new or expanding industries with a capital investment of \$811,587,690. These efforts have resulted in the creation of 4,397 new jobs and the retention of 497 existing jobs.

In May 2012, a \$5 million bond issuance was approved by the Development Authority of Bibb County and the Bibb County Board of Commissioners for NewTown Macon to be used for the purpose of stimulating development in downtown Macon through gap type financing of projects. Payment of the bonds was guaranteed by Bibb County. There are three projects either totally or partially completed. These projects have produced 92 loft apartments and 25,000 square feet of commercial space. There are other projects in the planning stage, one of which was approved October, 2013 and will produce 12 additional loft apartments. Some of the buildings being renovated are in an opportunity zone allowing for maximum tax credits for new jobs created in the building.

Existing industry expansion and new industry recruitment are integral to sustaining Bibb County's economic vitality. In November 2012, Lintech International, a consultative technical sales and distribution business focused on providing innovative material technologies to advanced materials, composites, plastics, adhesives, and coatings markets, completed the facility expansion of their Macon headquarters located in the Airport Industrial Park. Office space was doubled and included nine offices for increased inside sales and customer service and an expanded conference room for supplier training. The company has added 11 new jobs and invested \$1.1 million in the expansion. Lintech operates ten regional warehouses across the United States. In June 2013 Go Green LLC announced that it would locate two recycling companies in Macon-Bibb County, Go Green Plastics LLC and Go Green Bioproducts. Green Plastics LLC takes in plastics and other materials, separates it, shreds it, processes it and turns it into pellets to be recycled into usable items. Green Bioproducts LLC processes liquids such as from soda containers, separates the sugar from the water and recycles both. The company purchased a 61,452 sq. ft. building on I-16 near Ocmulgee East Industrial Park. They are also negotiating for another facility in Macon Bibb County. Go Green LLC is investing \$12 million and expected to employ 100 by the end of 2013. Middle Georgia Printing Cooperative has partnered with Walter Geiger of the Barnesville Herald-Gazette and Will Davis of the Monroe County Reporter to purchase a 50,000 sq. ft. facility in the Airport Industrial Park for their operations. Plans are to invest over \$1.5 million and retain 20- 30 employees. Middle Georgia Printing Cooperative's mission is to serve the local economy by providing timely information about the news and events that affect us locally.

Long-Term Financial Planning

The voters of Bibb County have passed two major initiatives within the last year. The first, passage of a SPLOST referendum on November 8, 2011, has allowed both the City and the County to move forward on several capital projects and also to pay off debt that would otherwise be paid from General Fund revenues. The vote on July 31, 2012 approved the consolidation of Bibb County and the City of Macon effective January 1, 2014.

Some of the major SPLOST projects include the construction of new recreational facilities and repairs and upgrades to existing facilities, construction of three new fire stations, upgrade of emergency communications, and infrastructure improvements including storm drainage and resurfacing of streets and roads. One of the fire stations, number 109 on New Forsyth Road was completed in July 2013. The second, # 110 on Heath Road is in the beginning phases of construction. A new Juvenile Justice Facility with a budget of \$6.9 million is under construction and bids have been put out for construction of the new Animal Welfare Facility. Upgrades have been made to several of the recreation facilities with others in the planning stages. The importance of Robins Air Force Base to the local economy is evident by the inclusion of \$6 million of SPLOST proceeds which have been used for the acquisition of property to address BRAC encroachment issues. In an effort to ensure funds for future economic development, the SPLOST project list also included \$5.9 million for this purpose. Approximately \$2.3 million of these funds were committed to the successful effort to locate a Regional Distribution Center for Tractor Supply Company in Macon-Bibb County in June, 2012. Another major component of the SPLOST is the payment of debt which was previously a part of the General Fund. This SPLOST allocation was \$38,950,000. The 2002A Series with a principal balance of \$7.5 million was retired in August, 2013. There have been both principal and interest payments on other series which have later call dates.

Through the process of consolidating the two governments the community will be afforded opportunities for changes and improvements that would never have been possible for the individual governments. The new government will become effective January 2014 and in preparation for this the 15 member Consolidation Transition Task Force began holding monthly meetings in September 2012. These same members are part of smaller sub-committees including Facilities, Technology, Human Resources, Finance and Laws. Through these sub-committees the members have worked closely with staff of the individual governments to identify the important issues and opportunities of the new government. As issues and opportunities have been identified both current staff and outside consultants have worked together to solve the issues and capitalize on opportunities to create a new and better government for all of the citizens.

The final election for the Mayor and Commissioners was held October 15, 2013. Although the officials will not actually be sworn in until December 31, 2013 they can now begin to develop more definitive plans for the new government. One of the most time consuming endeavors has been the selection, set up and training on the new Public Administration Technology System that will be used by the new government. This has been a massive undertaking and one that has required both City and County personnel to look at current procedures many of which were different between the two entities. The result has been the development of policies and procedures which we feel bring together the best of each individual government and will work well for the new government.

Relevant Financial Policies

Management of Bibb County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance of the safeguarding of assets and the proper recording of financial transactions.

Budgetary control is maintained at the department level. No increase in the overall budget can be made without the approval of the Board of Commissioners and amendment to the budget. Unencumbered appropriations in the annual operating budget lapse at fiscal year end.

Major Initiatives

Bibb County continues to fund the annual required contribution for its Pension obligations through contributions each pay period.

Effective January 1, 2013, Bibb County provided all Medicare-eligible retirees a new method to access medical coverage through Extend Health, a Medicare Exchange Provider. This change replaced the coverage previously provided by Bibb County and at the same time allowed eligible retirees to choose coverage which best fits the medical and prescription needs of the individual retiree. Each eligible retiree is provided a subsidized tax-free Health Reimbursement Arrangement which reimburses the retiree for premiums on the individual Medicare plan(s) they select and other out-of-pocket medical expenses. Through this program, retirees receive equal or better benefits at a reduced cost to both the retiree and Bibb County. While saving actual dollars for the County, this change also serve to reduce the OPEB liability. Beginning July 1, 2013 healthcare cost for retirees is being paid from the OPEB Trust Fund.

As discussed under Long-Term Financial Planning, the coordination and oversight required to move forward on the extensive list of projects included in the SPLOST referendum is a major focus of County personnel and will continue to be so going into the consolidated government.

The budget developed for the period July 1, 2013 through June 30, 2014 encompassed the first 6 months of the new consolidated government. This scenario presented new challenges as both staff and elected officials worked through the development of a six month budget that would in essence close out the existing governments while at the same time forecasting the financial needs of a new entity. The Carl Vinson Institute of Government, one of the consultants engaged by the Transition Task Force, is assisting staff of both Bibb County and the City of Macon as we come together to develop the budget of the new government for the period January through June 2014.

One of the additional requirements as we move forward with consolidating the two entities will be to officially close out the accounting records of the separate entities. To facilitate this process the County will have an audit performed by Mauldin & Jenkins at December 31, 2013. As a part of this process there will be an Actuarial Study performed for the Pension and OPEB Trust Funds as well as the Worker's Compensation and Group Insurance Funds.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to Bibb County, Georgia, for its comprehensive annual financial report for the fiscal year ended June 30, 2012. This was the twenty-ninth consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized Comprehensive Annual Financial Report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department led by Christy Iulucci, Assistant Finance Director and Kim Roberts, Internal Auditor. We would like to express our appreciation to all members of the department who assisted and contributed to the preparation of this report. Credit must also be given to the Bibb County Board of Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of Bibb County Georgia's finances.

Respectfully submitted,

Deborah R. Martin, CPA

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Bibb County, Georgia** as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Bibb County, Georgia's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Macon-Bibb County Industrial Authority, the Middle Georgia Regional Library, the Macon-Bibb County Board of Health, the Macon-Bibb County Convention and Visitors Bureau, the Macon-Bibb County Planning and Zoning Commission, or the Development Authority of Bibb County which represent 100% of the assets, net position, and revenues of Bibb County, Georgia's component units as of and for the year ended June 30, 2013. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Macon-Bibb County Industrial Authority, the Middle Georgia Regional Library, the Macon-Bibb County Board of Health, the Macon-Bibb County Convention and Visitors Bureau, the Macon-Bibb County Planning and Zoning Commission, and the Development Authority of Bibb County is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our report and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Bibb County, Georgia, as of June 30, 2013, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison information for the General Fund and the Fire Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 1, Bibb County, Georgia implemented Governmental Accounting Standards Board Statements No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and No. 65, *Items Previously Reported as Assets and Liabilities*, effective July 1, 2012. These standards modified terminology and presentation of certain accounts and changed the accounting for bond issuance costs. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedules of Funding Progress on pages 4 through 18 and pages 73 and 74, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Bibb County, Georgia's basic financial statements. The introductory section, the combining and individual nonmajor fund financial statements and schedules, schedule of long-term debt, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of special purpose local option sales tax proceeds are presented for purposes of additional analysis as required by the Official Code of Georgia 48-8-21, and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is also presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements.

The combining and individual nonmajor fund financial statements and schedules, the schedules of expenditures of special purpose local option sales tax proceeds, the schedule of long-term debt, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules, the schedules of expenditures of special purpose local option sales tax proceeds, the schedule of long-term debt, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2013, on our consideration of Bibb County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bibb County, Georgia's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**

Management's Discussion and Analysis

As management of Bibb County, Georgia, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i - v of this report.

Financial Highlights

- The assets of the County exceeded its liabilities as of June 30, 2013, by \$247,724,755 (net position).
- The government's total net position increased \$21,411,458.
- As of June 30, 2013, the County's governmental funds reported combined ending fund balances of \$74,566,669, an increase of \$5,713,315 in comparison with the prior year. Approximately 12% of this total amount, \$9,253,999 is available for spending at the government's discretion.
- For the fiscal year ended June 30, 2013, fund balance for the General Fund increased \$1,479,160 to \$31,325,708. Unassigned fund balance decreased \$412,580 to \$9,638,313 or 12% of total General Fund expenditures.
- During the FY 2013 fiscal year, Bibb County's total long-term debt increased by \$608,442. Principal retirements on revenue bonds totaled \$2,580,000 in governmental activities. Principal retirements on revenue bonds of business-type activities totaled \$118,158. Principal retirement on notes payable totaled \$17,031. Other changes in long-term debt included an increase in Group Insurance Fund claims payable of \$90,000; an increase in Workers Compensation Fund claims payable of \$175,000; an increase in the liability for compensated absences of \$145,188; an increase in the Postemployment benefit obligation \$3,182,041; and net amortization of bond premiums and discounts totaling \$268,598.

Overview of the Financial Statements

This Management Discussion and Analysis is intended to serve as an introduction to the County's basic financial statements. The basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The statements within the first component are government-wide financial statements that provide both long-term and short-term information about the County's overall financial status in a manner similar to a private-sector business.

The statements within the second component are fund financial statements that focus on individual parts of the County government, reporting the County's operations in more detail than the government-wide financial statements.

The notes to the financial statements are the third component of the basic financial statements. The notes provide descriptions of policies underlying the amounts displayed in the financial statements, additional detail or explanations concerning amounts displayed in the financial statements, and additional information on items that do not meet the criteria for recognition and so are not reflected in the financial statements.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances. These two statements are the 1) statement of net position and 2) statement of activities.

The statement of net position presents information on all of the County's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during FY 2013. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, judicial, public safety, public works, health and welfare, culture and recreation and conservation of natural resources. The business-type activities are the Lake Tobesofkee Recreation Area and Special Sanitation Services.

The government-wide financial statements include not only Bibb County Government itself (known as the primary government), but also the component units of Bibb County. Financial information for the component units is reported separately from the financial information presented for the primary government itself. Data for the component units is combined into a single aggregated presentation. Additional information for all component units can be found in the combining statements on pages 176 - 179 of this report.

The government-wide financial statements can be found on pages 19 - 21 of this report.

Fund Financial Statements. The remaining statements are fund financial statements that focus on individual parts of the County government, reporting the County's operations in more detail than the government-wide statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Bibb County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Bibb County can be divided into three (3) categories: 1) governmental funds, 2) proprietary funds and 3) fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Bibb County maintains twenty-one (21) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balance for the General Fund, Fire District Fund, and Special Purpose Local Option Sales Tax 2012 Project Fund, which are considered to be major funds. Data from the other eighteen (18) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of individual fund statements elsewhere in this report.

The County adopts an annual appropriated budget for its general fund, special revenue funds and debt service funds. A budgetary comparison statement has been provided for each fund to demonstrate compliance.

The basic governmental fund financial statements can be found on pages 22 - 27 of this report.

Proprietary Funds. The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the Lake Tobesofkee Recreation Area and sanitation services. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. Internal service funds are used to account for the County's Workers' Compensation and for its Group Insurance. The costs of these services have been allocated between the governmental activities and the business-type activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Lake Tobesofkee Recreation Fund and the Special Sanitation Fund. The two internal service funds are combined into a single, aggregated column in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of individual fund statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 28 - 32 of this report.

Fiduciary Funds. Fiduciary fund statements provide information about the financial relationships in which the County acts solely as a trustee or agent for resources held for the benefit of parties outside the government, such as the pension plan and other post employment benefit plan for Bibb County employees. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Individual fund data for the fiduciary funds is provided in the form of both combining statements and individual fund statements elsewhere in this report.

The basic fiduciary fund financial statements can be found on pages 33 - 34 of this report.

Notes to the Financial Statements. The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 35 - 72 of this report.

Net position may serve over time as a useful indicator of a government's financial position. In the case of Bibb County, assets exceeded liabilities by \$247,724,755 at the close of FY 2013.

By far the largest portion of the County's net position reflects its investment in capital assets (e.g., infrastructure, land, buildings, machinery, equipment and vehicles); less any related debt used to acquire those assets that is still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although Bibb County's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

There was an increase of \$7,721,100 in restricted net position reported for the County's governmental activities.

- The total restricted for debt service decreased \$1,853,865.
 - The General Fund had a decrease in restricted for debt service of \$5,002, which represented interest payments made from bond proceeds restricted for capitalized interest on the Series 2009 Bass Pro and Sofkee Park Project revenue bonds.
 - The General Debt Service Fund had a decrease in restricted for debt service totaling \$2,124,594 primarily due to FY 2013 activity of the GMA Leasepool program. The Fund transferred \$3,207,766 to reimburse capital outlay purchases in General Fund. Repayments to the pool included \$711,692 from the SPLOST 2012 Project Fund and \$344,821 from General Fund.
 - The Special Purpose Local Option Sales Tax 2012 Project Fund had an increase in restricted for debt service of \$170,090. The SPLOST resolution requires the prefunding of an annual debt service reserve for the calendar year's debt service requirements.
 - Other increases in restricted for debt service totaled \$105,641.

- The total restricted for capital projects increased \$8,747,931.
 - The General Fund had an increase of \$650,623 representing state funds restricted for public road maintenance and improvements.
 - The Special Purpose Local Option Sales Tax 2012 Project Fund had an increase in restricted for capital projects of \$6,414,818. In FY 2012 the voters approved a Special Purpose Local Option Sales Tax and the issuance of \$20,000,000 in General Obligation Sales Tax bonds to provide initial funding for the capital projects included in the SPLOST resolution. FY 2013 represented the first full year of activity for the SPLOST 2012 Fund.
 - Progress on contracts for the Road Improvement Program resulted in a decrease in restricted for highways and street improvements in the SPLOST Transportation Fund of \$179,832.
 - The Capital Improvements Fund balance restricted for capital projects decreased \$168,339 due to expenditures from the Series 2009 MBCUDA Public Projects Revenue Bonds.
 - The DFACS MIL Fund ended FY 2013 with \$2,030,661 fund balance restricted for capital maintenance projects of the DFACS facility.

- Other restricted net position increased \$827,034.
 - Net position restricted for Fire District services decreased \$577,365. Capital outlay included \$415,039 from the Fire Department, \$7,404 from Emergency Management and \$233,057 from 800Mhz. The tower maintenance for the 800 Mhz system is performed by the City of Macon, with the County reimbursing fifty percent.
 - Net position restricted for recreation programs increased \$1,382,908. As a result of Service Delivery Strategy renegotiations, the County and City agreed to restrict 18% of local option sales tax proceeds for recreation services. These revenues are reported in a separate Special Revenue Fund. The recreation programs and facilities were transferred from the City of Macon to Bibb County effective July 1, 2012.
 - Other increases in restricted net position totaled \$21,491.

There was an increase of \$41,597 in restricted net position reported in the County's business-type activities, all of which is reported in the Tobesofkee Recreation Fund. The amount restricted for debt service increased \$41,597. The balance restricted for debt service is the net of assets restricted for current and future bond service less the current liability to be paid from restricted assets. The assets restricted for future and current debt service increased by \$6,497 and the current liability decreased \$35,100. This debt will be paid off in December 2013.

Governmental Activities. Governmental activities increased the County's net assets by \$20,731,988, accounting for 97 percent of the total increase in the net assets of the County. Key elements of this increase are as follows:

Property tax revenue is the largest source of revenue for financing governmental activities. Property tax revenues increased \$374,981 in FY 2013. The General Fund millage remained at 12.003 and the Fire District Fund millage remained at 2.649.

Sales tax revenue increased \$21,093,639. The voters approved a Special Purpose Local Option Sales Tax with collections beginning in April 2012. Sales tax revenues for the SPLOST 2012 Project Fund totaled \$30,346,911 in FY 2013 compared to \$7,454,304 for the three month period received in FY 2012.

All other taxes increased \$18,014.

Investment earnings decreased \$121,557. Investments are reported at fair value. Unrealized gains and losses from investments are included in investment earnings. As of June 30, 2013, unrealized losses for investments held included General Fund \$128,538 and SPLOST 2012 Project Fund \$73,994. These unrealized losses were partially offset by increases in investment earnings from the State Pool and realized gains on the sale of investments. The 12-month average interest rate at the State Pool increased slightly to 0.16% for FY 2013 compared to 0.12% for FY 2012.

Gain on sale of capital assets increased \$509,984. The County received \$1.6 million for disposition of surplus property in FY 2013, primarily from the sale of large public works equipment. The County replaces this equipment on a five-year cycle.

Charges for Services increased \$1,966,375 or 16% from FY 2012.

- License and permit revenues in General Fund increased \$683,512. As part of the Service Delivery Strategy Agreement, the County assumed the Inspection and Fees Department previously operated by the City of Macon. Permits and fees of this department for FY 2013 totaled \$623,370.
- Rental revenues increased \$885,830. General Fund revenue included \$781,070 in rental revenues paid for a DFACS facility that is funded through a Maintenance-In-Lieu Agreement. These revenues were previously set aside for debt service, which is now being paid through the SPLOST 2012 Project Fund.
- Fines and forfeiture revenue increased \$340,447. Fines in General Fund increased \$168,689, with the largest increases being State Court \$102,967 and State Court Probation \$75,348. Fine revenue in the Law Enforcement Confiscation Fund increased \$126,448.
- Jail fees decreased \$151,342, primarily due to a decrease of \$201,103 in fees received from the State of Georgia for housing state prisoners.
- FY 2013 represented the first operating fiscal year of the Recreation Fund, with program fees totaling \$294,740.

Operating grants increased \$2,052,101 from the previous year.

- The Service Delivery Strategy Agreement transferred responsibility for Recreation to the County effective July 1, 2012 with funding provided from 18% of Local Option Sales Tax (LOST) received from each government beginning with June 2012 sales tax collected in July. For FY 2013, the Recreation Fund recognized \$3,294,597 as the City's payment to the County for the applicable percentage of the City's LOST, an increase of \$3,016,413 over the prior year.
- FY 2012 included revenues totaling \$746,524 for intergovernmental payments set aside for debt service. The outstanding bonds are now being paid through the SPLOST 2012 Project Fund. These payments are now reported as rental revenue in the General Fund and DFACS MIL Fund.
- Ocmulgee Greenway Trail Fund received \$635,200 in federal grant funds for assistance with construction of trail improvements on property owned by Riverside Cemetery.

Capital grants and contributions increased \$1,495,790 from the previous year.

- Capital contributions from the City of Macon consisting of land, buildings and equipment to be utilized for various recreation facilities totaled \$25,779,542.
- The City of Macon also contributed \$922,894 for partial funding of computer hardware and software upgrades in preparation for consolidation.
- Capital contributions from developers totaled \$992,632 a decrease of \$144,693.
- General Fund received \$650,623 in Georgia Department of Transportation revenue restricted for public road improvements and maintenance. In FY 2012, General Fund received \$343,255 in Georgia Department of Transportation funding for a high-mast lighting project.
- SPLOST Transportation Fund received \$592,615 from Georgia Department of Transportation, an increase of \$413,555 over the prior year. The FY 2013 proceeds represented final payments on several projects. Activity in the fund has declined, as many of the projects near completion.

Special item. As part of a Service Delivery Strategy Agreement, Bibb County and the City of Macon agreed to transfer certain operations from the City to the County as of July 1, 2012. The special item represents the value of capital assets received from the City for Recreation land and facilities totaling \$25,779,542.

Total expenses increased \$21,983,517 from the previous year. Discussion of individual variances can be found in subsequent areas of this Management Discussion and Analysis.

Business-Type Activities. The County charges fees to customers to help cover the cost of certain services provided. The net cost of these services, consisting of the Lake Tobesofkee Recreation Area and sanitation services, increased the County's net assets by \$679,470.

Total revenue of business-type activities increased \$742,602.

- The Tobesofkee Recreation Fund had an increase in capital grants of \$526,967. The fund recognized \$16,248 in federal grant funds for the purchase of electric utility carts. An additional \$510,719 capital contribution represented construction in process on improvements to the Tobesofkee Dam, paid through the SPLOST 2012 Project Fund.
- Charges for services in the Special Sanitation Fund increased \$284,729 in FY 2013. The Commissioners approved an increase in garbage rates effective January 1, 2012. FY 2012 reflected six months of revenue at the increased rates, while FY 2013 included the first full year at the increased rates. Residential rates were increased from \$9.75 per month to \$12.75 per month. This was the first increase since 2002.

Expenses of business-type activities had a net increase of \$101,137.

- Expenses in the Tobesofkee Fund increased \$28,459. Salaries and benefits increased \$36,719. Beach and ground improvements decreased \$23,202. FY 2012 included operating expenses incurred to develop a bike trail through Arrowhead Park that was partially funded with grant revenues. Utility expenses increased \$10,724, partially due to an increase in the number of pull through camping areas and an additional pavilion at Arrowhead Park that is rented for public use.
- Expenses in the Special Sanitation Fund increased \$72,678. The County contracts with Advanced Disposal for sanitation services. The residential rate increased from \$10.77 per month in FY 2012 to \$11.08 per month in FY 2013. There is an annual increase included in the contract, which is effective for the term July 1, 2009 through June 30, 2014.

Financial Analysis of the Government's Funds

The fund financial statements provide more detailed information about the County's individual funds, not the County as a whole. Funds are accounting devices that the County uses to track specific sources of funding and spending for particular purposes. Some funds are required by State law and/or by bond covenants. The Board of Commissioners establishes other funds to control and manage money for particular purposes (like the purchase or construction of major capital facilities within the County) or to show that it is properly using certain grants and taxes (like the 1 cent special purpose local option sales tax).

Governmental Funds. Most of the County's basic services are included here, such as judicial, public safety, public works, culture and recreation and general administration. These focus on (1) cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Such information is useful in assessing Bibb County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of each fiscal year.

For the fiscal year ended June 30, 2013, Bibb County's governmental funds reported combined ending fund balances of \$74,566,669, an increase of \$5,713,315 over the prior year. Funds with significant increases included: General Fund \$1.5 million; Special Purpose Local Option Sales Tax 2012 Project Fund \$6.6 million; Recreation Fund \$1.4 million. Funds with significant decreases in fund balance included: Fire District Fund \$566,583; General Debt Service Fund \$2.1 million; Capital Improvements Fund \$633,818; 2013 MBCUDA Project Fund \$384,314. The various other governmental funds accounted for a net decrease of \$24,352. These increases and decreases are addressed on pages 12 and 13 of this discussion.

Of the total ending fund balances of governmental funds, approximately 12 percent or \$9,253,999 constitutes unassigned fund balance available for spending at the government's discretion. Restricted fund balance totals \$41.8 million and includes \$3.9 million for debt service, \$2.7 million for Fire District services, \$32.2 million for capital outlay, \$1.8 million for Recreation and \$1 million for a variety of other programs. Committed fund balance totals \$11.8 million consisting of an \$11 million stabilization fund reported in the General Fund and \$764,779 committed for law enforcement purposes reported in the Law Enforcement Commissary Fund. Assigned fund balance totals \$11.6 million and includes \$7.8 million fund balance assigned for use in the FY 2014 budget, \$2 million assigned for capital outlay, \$615,362 assigned for risk management, \$49,477 assigned for domestic and family violence programs and \$1.1 million for outstanding purchases on order as of June 30, 2013. Nonspendable fund balance totals \$111,438 representing inventories and prepaid items not in spendable form.

The general fund is the chief operating fund of the County. At the end of FY 2013, fund balance totaled \$31,325,708, with an unassigned fund balance of \$9,638,313. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represented 11.5 percent of total general fund expenditures, while total fund balance represented 37.5 percent of that same amount.

For FY 2013, the fund balance of the County's general fund increased by \$1,479,160. Total revenues decreased \$328,343. Key factors in the decrease in general fund revenues are as follows:

- General property tax revenue increased \$687,819.
- Local option sales tax revenue decreased \$3,768,567. As part of the Service Delivery Strategy Agreement, 18% of local option sales tax is restricted for and reported in the Recreation Fund beginning with June 2012 collections paid in July 2012. The County local option sales tax reported in the Recreation Fund was \$185,455 for FY 2012 and \$2,189,074 for FY 2013.
- Recording intangible tax revenue increased \$115,993.
- Penalty and interest revenue on property taxes decreased \$236,258.
- Other taxes decreased \$23,674.
- License and permit revenue increased \$683,512.
- Intergovernmental revenues increased \$1,401,423.
- Charges for services revenues decreased \$121,010.
- Fines and forfeitures increased \$168,689.
- Investment earnings decreased \$94,262.
- Rent revenue increased \$962,439.
- Other revenues decreased \$104,447.

Total general fund expenditures increased by \$5,703,080 in FY 2013. Significant increases and decreases in general fund expenditures are as follows:

- Several departments had an increase in salary expenditures due to the implementation of the second stage of the employee compensation plan completed in 2012. Employees with three years employment with the County received a step increase of 2 to 4% effective January 1, 2013.
- The majority of departments had an increase in employee benefits due to two factors. FY 2013 included a 5% increase in the cost of employee health insurance. The County also changed the method for funding the Workers Compensation Internal Service Fund. Workers compensation was calculated at 3.5% of payroll and charged to employee benefits within each department.
- General government expenditures increased by \$1,806,892, or 10%.
 - As part of the Service Delivery Strategy Agreement, for FY 2013 the County assumed operations of the Inspection and Fees Department previously operated by the City of Macon. Expenditures for FY 2013 totaled \$1.3 million.
 - Contribution to OPEB Trust declined \$2.35 million. A supplemental appropriation to contribute funds to the OPEB Trust was approved in FY 2012. Funds were not appropriated for contribution to the Trust in FY 2013.
 - In preparation for consolidation in 2014, Bibb County and City of Macon agreed to purchase extensive computer hardware and software upgrades. The County is purchasing the equipment and software, and the City of Macon is reimbursing the County for 50% of the expenditures. Expenditures for FY 2013 totaled \$1.8 million.
 - Expenditures for Information and Technology increased \$262,621. Salaries and benefits increased \$132,229. The Interim Director was promoted to position of Director in FY 2013. Other increases included: computer software \$52,123; repair/maintenance on equipment \$34,417; and capital outlay expenditures \$45,313.
 - Expenditures for Tax Assessors Department increased \$198,130. Salaries and benefits increased \$202,730 or 14%. The Department filled six vacancies in FY 2013.
 - Expenditures for Tax Commissioners Department increased \$167,839. Salaries and benefits increased \$149,006 or 7%.
- The Judicial function expenditures increased by \$853,474 or 6%.
 - Expenditures for Superior Court Judges increased \$99,216 or 10%. Salaries and benefits increased \$77,721. Court reporter fees increased \$14,298.
 - Expenditures for Public Defenders Office increased \$172,972 or 8%. Salaries and benefits paid through State contract increased \$143,196.
 - Expenditures for Civil Court increased \$115,229. Salaries and benefits increased \$122,055 or 8%.
 - Expenditures for Probate Court increased \$123,758. The court paid \$81,383 to Georgia Bureau of Investigation for pistol permits. The increased cost was offset with revenue. In prior years the Court remitted the funds directly to the GBI. Beginning in FY 2013, both the revenues and expenditures are reported by the County.

- Public Safety expenditures increased by \$1,788,036 or 6%.
 - Expenditures for Animal Welfare increased \$488,197. In prior years, the County reimbursed the City of Macon for a portion of the costs to operate Animal Welfare. As part of the Service Delivery Strategy agreement, the County assumed total responsibility for Animal Welfare in FY 2013.
 - Expenditures for Sheriff Administration increased \$493,931. Salaries and benefits increased \$100,918 or 9%. Capital outlay expenditures increased \$381,891. FY 2013 capital outlay included the purchase of a Bomb Detection Robot \$57,245 funded through a Homeland Security grant and \$310,000 for mobile radios funded with proceeds from the sale of property.
 - Expenditures for Patrol increased \$265,116 or 5%. Salaries and benefits increased \$199,152 or 5%. Capital outlay increased \$108,472. FY 2013 included \$180,263 for purchase of patrol vehicles originally budgeted in FY 2012 but not received until FY 2013.
 - Expenditures for Corrections increased \$321,104 or 3%. Salaries and benefits increased \$488,794 or 7%. On-site inmate healthcare services are provided through contract with a third party. Expenditures for these services increased \$104,725. Medical expenses that cannot be treated onsite are billed separately by the hospitals or other providers. Expenditures for offsite inmate medical care decreased \$242,744.

- Public Works expenditures increased by \$2,370,619.
 - Expenditures for Streets and Roads Construction increased \$2.2 million. Capital outlay increased \$1.9 million. The County purchases large public works equipment on a 5 year cycle. Capital outlay purchases for FY 2013 totaled \$2.1 million. Salaries and benefits increased \$369,843. At March 1, 2012 pay for all Bibb County employees was adjusted as the first step to implementing a new pay scale. Many Public Works employees received additional adjustments to reach the beginning salary level of the new scale.
 - Expenditures for Engineering increased \$493,139. Salaries and benefits increased \$349,859. As part of the Service Delivery Strategy, certain positions previously employed by the City of Macon were moved to the County. Five additional positions were moved to Engineering in FY 2013. Capital outlay increased \$90,080. FY 2013 capital outlay included one vehicle replacement of \$33,852 and \$42,502 to purchase vehicles from the City of Macon as part of the transfer of positions to the County.
 - Expenditures for Traffic Safety decreased \$652,285. FY 2012 included \$666,675 in expenditures for a high-mast lighting project that was partially funded with Georgia Department of Transportation funds of \$343,255.
 - Expenditures for Traffic Engineering increased \$178,102. In prior years, the County reimbursed the City of Macon for a portion of the operating costs of Traffic Engineering. As part of the Service Delivery Strategy, the County assumed total responsibility for Traffic Engineering in FY 2013.

- Health and Welfare expenditures decreased by \$405,554. The decrease is primarily due to the reduction in DFACS Building expenditures of \$419,818. In prior years, DFACS Building operating costs were included in General Fund. For FY 2013, operating costs are included in the DFACS MIL Fund. The portion of DFACS MIL revenues restricted for operations and capital improvements of the facility are also reported in the DFACS MIL Fund in FY 2013.

- Culture and Recreation expenditures increased by \$10,730.
 - FY 2013 included \$75,000 payment to the Georgia Sports Hall of Fame. This payment was the second of a three year pledge of support by the Board of Commissioners for the continued operation of the Sports Hall of Fame. The initial payment in FY 2012 was \$125,000.
 - Expenditures for the Middle Georgia Regional Library increased \$12,877 and included \$14,397 for elevator repairs at the Washington Memorial Library.
 - Expenditures for the Clean Community Commission increased \$47,500. In prior years, the City of Macon and the County jointly funded the Commission. As part of the Service Delivery Strategy Agreement, the County assumed responsibility for funding the Commission.

- Expenditures for Conservation of Natural Resources increased \$8,066, consisting of an increase in salaries and benefits for Agricultural Resources.

- Economic Development expenditures increased by \$354,213 or 13%.
 - Expenditures for Macon-Bibb County Planning and Zoning Commission increased \$140,000. As part of Service Delivery Strategy, the County took over total funding of this agency.
 - Expenditures for the Macon-Bibb County Transit Authority increased \$209,186. Additional funds were provided to add a new Ocmulgee Industrial route.

- Debt Service expenditures decreased \$1,083,396 or 76%.
 - The Special Purpose Local Option Sales Tax approved in 2012 included funds projected to repay several debt issues previously paid by the General Fund. Bond principal and interest paid by General Fund in 2012 included MBCUDA 2002B \$109,100; MBCUDA 2006 \$459,306; MBCUDA 2009 \$243,688; MBCUDA 2012 \$261,979. FY 2013 principal and interest were paid by the SPLOST 2012 Project Fund.

Total General Fund transfers to other funds decreased by \$765,116 in FY 2013. FY 2012 included \$1,001,909 transfers to debt service funds for outstanding revenue bond debt. These bonds are now being repaid through the SPLOST Project Fund. Transfers to the General Debt Service Fund for GMA leasepool principal repayments increased \$276,181. Transfers to the Capital Improvement Fund increased \$698,529, primarily to cover extensive renovations needed at the Engineering Department to accommodate the move of several employees from the City of Macon to Bibb County. FY 2012 also included \$1 million transfer to the Workers Compensation Internal Service Fund. In FY 2013, departments are charged a premium of 3.5% included in employee benefits. No additional transfer from General Fund was required in FY 2013. The operating transfer to support the Tobesofkee Recreation Fund increased \$255,668 in FY 2013.

The Fire District Fund ended the fiscal year with total fund balance of \$2.7 million. Fund balance of the Fire District Fund is restricted to providing fire protection and certain other public safety services to the unincorporated area of the County. Fund balance in FY 2013 declined \$566,583. Revenues increased \$213,511 or 2.3%. Expenditures decreased \$1,080,352 or 10%. Capital outlay expenditures for fire protection services decreased \$1,163,315. FY 2012 included \$1.6 million in capital outlay for fire services partially funded with proceeds from the GMA leasepool totaling \$951,524. As a result of the Service Delivery Strategy renegotiations, the Fire District Fund began reporting expenditures for Emergency Management and 800Mhz services provided to the unincorporated area beginning in FY 2012. Emergency Management expenditures decreased \$74,452 in FY 2013 and 800Mhz expenditures increased \$163,641. The increase in 800Mhz expenditures was primarily due to the County portion of significant tower maintenance equipment and upgrades in FY 2013.

The Special Purpose Local Option Sales Tax 2012 Project Fund ended the fiscal year with a total fund balance of \$29 million. Voters approved the SPLOST in 2011 with collections beginning in April 2012. Tax revenue for FY 2013 totaled \$30 million. Expenditures in FY 2013 totaled \$23 million. The SPLOST agreement splits the proceeds with 33.5% of taxes collected going to the City of Macon for debt service and projects. The amount transferred in FY 2013 totaled \$10 million. Current year expenditures also included \$2.9 million of the total \$6 million designated in SPLOST projects for BRAC. These funds were used for acquisition of property to eliminate the encroachment of residences in the noise and crash corridor located in South Bibb County in order to comply with the 2004 Joint Land use study, which will help to preserve existing and future missions at Warner Robins Air Force Base. FY 2013 included \$4 million in debt service expenditures; \$4 million for Public Safety projects; \$882,390 in Public Works infrastructure projects and \$892,672 in Recreation projects.

The Recreation Fund ended FY 2013 with total fund balance of \$1.8 million. As part of the Service Delivery Strategy Agreement, the County assumed responsibility for Recreation in FY 2013. The County and City of Macon contribute 18% of local option sales tax revenues to fund Recreation. Revenues for FY 2013 totaled \$5.8 million with expenditures of \$4.4 million.

The General Debt Service Fund ended FY 2013 with a total fund balance of \$3 million, a decrease of \$2 million from the previous year. The decrease was primarily due to activity within the GMA leasepool investment account. The County withdrew \$3,207,766 from the leasepool to reimburse General Fund for capital equipment purchases. Transfers from other funds to redeposit to the leasepool investment account totaled \$1,056,513.

The Capital Improvements Fund ended the fiscal year with total fund balance of \$1.9 million. Fund balance decreased \$633,818, primarily due to the completion of HVAC upgrades at the Public Health Complex with FY 2013 expenditures of \$468,900.

The 2013 MBCUDA Project Fund was established to account for projects to be funded with bond proceeds of MBCUDA Series 2013 revenue bonds. FY 2013 included issuance costs and project expenditures totaling \$384,314. The bonds did not close until after the end of FY 2013. The fund reflects a deficit fund balance of \$384,314 that will be funded with bond proceeds in FY 2014.

Proprietary Funds. Bibb County's proprietary funds provide the same information found in the government-wide financial statements, but in more detail. At the end of the current fiscal year net investment in capital assets and restricted net position were \$4,906,084 and \$82,791 respectively. Unrestricted net position totaled \$567,425. The total increase in net position was \$694,748. Other factors concerning the finances of these funds have been addressed in the discussion of the County's business-type activities on page 6 of this report.

General Fund Budgetary Highlights

In comparing the final FY 2013 budget figures to actual, revenues were more than budgetary estimates by \$3,138,697. General property taxes exceeded budget estimates by \$2.5 million. FY 2013 included the first year of revenues from the State collections of the Motor Vehicle Title Ad Valorem Tax, which totaled \$1.1 million. Local option sales tax revenue was less than estimated by \$1.1 million. Intergovernmental revenues exceeded budget by \$1 million, primarily due to revenues of \$922,894 from the City of Macon for sharing in the cost of computer hardware and software upgrades in preparation for consolidation. Other financing sources were less than estimates by \$2 million. The budget included \$5.1 million in transfers from Debt Service Fund representing proceeds from the GMA leasepool to reimburse General Fund for capital equipment purchases, while actual transfers totaled only \$3.2 million. The budget included \$2.8 million for reimbursement of computer upgrades, with actual reimbursements for computer upgrades totaling \$919,095. The City of Macon's participation in the upgrades reduced the amount needed from leasepool reimbursement. The upgrades are still in progress, with expenditures through FY 2013 totaling \$1.8 million.

Expenditures were less than budgetary estimates by \$6,632,369 and other financing uses were less than budgetary estimates by \$171,989. Differences between the original budget and the final amended budget totaled \$4,713,293. Supplemental appropriations for items originally budgeted and encumbered in FY 2012 that rolled to FY 2013 totaled \$2.5 million. This included a supplemental of \$2.1 million for public works equipment to be paid from GMA leasepool proceeds. A supplemental of \$650,624 was approved for road construction and maintenance projects funded by revenues from the Georgia Department of Transportation Local Maintenance and Improvement Grant program. A supplemental of \$767,863 was approved for transfer to the Capital Improvements Fund for renovations to the Engineering Building originally budgeted in FY 2012 but not completed until FY 2013. A supplemental of \$310,000 was approved for the purchase of public safety equipment with the proceeds from the sale of property.

A discussion of the changes in appropriations by function is as follows:

General Government

- The budget for General Government decreased \$108,416.
- The original budget for total capital outlay (for all departments) was placed into a contingency account in General Government. When individual capital outlay items were ordered and approved, the required budget funds were moved from contingency to the applicable department. Any funds not utilized during the fiscal year remained in the general government contingency account. The original budget for capital outlay totaled \$3.8 million. During the fiscal year, \$2.6 million was transferred to other departments as utilized, leaving a balance of \$1,199,263 at the end of the fiscal year.
- Inspection & Fees increased \$136,674. Funds totaling \$52,519 originally budgeted in Code Enforcement were transferred to Inspection & Fees with the reclassification of an employee position. Transfers from capital outlay contingency to cover current year purchases of equipment totaled \$25,122. A supplemental appropriation of \$57,615 was approved to cover the cost of purchasing equipment and supplies from the City of Macon when operations transferred to the County in FY 2013.
- Tax Assessors increased \$212,618. The FY 2012 budget included funds for temporary services to perform field checks. At the end of FY 2012, \$85,011 remained unspent and was rolled forward as a supplemental to FY 2013. Transfers from capital outlay contingency to cover current year purchases of equipment totaled \$26,166. A budget transfer of \$40,920 from Mapping increased the budget for Contract Services to cover a Tax Parcel project performed by the Regional Commission. The budget for salaries and benefits was increased by \$57,840 with a transfer from Mapping to cover positions transferred from Mapping to Tax Assessors.
- Information & Technology increased \$169,894. Transfers from capital outlay contingency to cover current year purchases of equipment totaled \$145,970. A supplemental of \$18,675 represented funds encumbered in FY 2012 but not purchased until FY 2013.
- Consolidation implementation increased \$199,510 to cover professional services. The budget included \$196,250 in supplemental appropriations and \$3,260 transferred from contingency.
- ERP System increased \$1.8 million representing the expenditures incurred in FY 2013 for the computer upgrade project. The budget funds were transferred from the capital outlay contingency account.
- Contingencies budget decreased \$420,098. The appropriation to the Macon-Bibb County Transit Authority was increased by \$76,046 with a transfer from contingency. Funds were transferred from contingency to various departments to cover the second phase of the compensation plan that was implemented January 1, 2013. Transfers to cover the applicable step increases totaled \$226,782. Other transfers included: \$11,061 pauper burials; \$50,000 to cover the cost of traffic signals; \$48,000 for domestic and family violence programs; and \$8,209 in other categories.

Judicial

- The budget for Judicial expenditures increased \$311,987.
- Clerk of Superior Court increased \$37,650. Transfers from capital outlay contingency for current year purchases of furniture and equipment totaled \$21,361. Supplemental appropriations totaling \$7,977 were approved for supplies and training as part of the transitional costs for the new Superior Court Clerk who took office January 1, 2013. Funds totaling \$11,685 were transferred from contingency to cover salary and benefit costs that increased with the second phase of the compensation plan.
- District Attorney's Office increased \$31,097. Transfers from capital outlay contingency for current year purchases of vehicles and equipment totaled \$30,999.
- State Court Probation increased \$56,249. A transfer from contingency to cover family and domestic violence programs totaled \$48,000. These costs were offset with revenues. Transfers from capital outlay contingency for current year purchases of equipment totaled \$7,257.
- Probate Court increased \$109,994. A supplemental of \$31,672 was approved to cover additional costs of contract services needed to comply with requirements of the Georgia Weapons Carry License. Transfers from capital outlay contingency for current year purchases of equipment totaled \$11,047. A supplemental appropriation of \$66,205 represented funds budgeted and encumbered in FY 2012 but not completed until FY 2013.

Public Safety

- The Public Safety budget increased \$1,051,380.
- Of the total budget increase in Public Safety, \$129,333 was attributable to transfers from capital outlay contingency to cover current year purchases.
- Sheriff Administration increased \$471,572. A supplemental of \$310,000 was approved for the purchase of radio equipment funded from the proceeds of the sale of property. A supplemental of \$66,392 was approved for the purchase of equipment to be funded with a GEMA Homeland Security Grant. Funds totaling \$79,790 were transferred from contingency to cover salary and benefit costs that increased with the second phase of the compensation plan.
- Patrol increased \$338,428. Transfers from capital outlay contingency for current year purchases of equipment totaled \$59,446. A supplemental of \$277,951 was approved to cover the cost of equipment and vehicles budgeted and encumbered in FY 2012 but not received until FY 2013.
- Detention increased \$75,745 which primarily represented the transfer of salary and benefits from certain positions from Corrections to Detention. The budget for Corrections decreased \$66,281.
- Animal Welfare increased \$55,341. A supplemental of \$53,754 was approved to cover the cost of supplies and equipment purchased from the City of Macon when operations were transferred to the County in FY 2013.

Public Works

- The Public Works budget increased \$2,879,002.
- Transfers from capital outlay contingency to cover current year purchases totaled \$122,727.
- A supplemental appropriation of \$2,050,705 was approved for public works equipment that is replaced every 5 years. The equipment was ordered in FY 2012 but not received until FY 2013.
- A supplemental appropriation of \$650,624 was approved for public road construction and maintenance funded by the Georgia Department of Transportation Local Maintenance and Improvement Grant.
- Supplemental appropriations totaling \$89,521 were approved to cover assessment paving projects.
- A supplemental appropriation of \$73,740 was approved to cover the cost of supplies and equipment purchased from the City of Macon when certain positions were transferred to the County in FY 2013.

Health and Welfare

- The Health and Welfare budget decreased \$310,650.
- The budget for DFACS Building of \$332,035 was moved from General Fund to the DFACS MIL Fund for FY 2013.
- Expenditures for pauper burials increased in FY 2013, necessitating a budget transfer from contingency of \$11,061.
- The Commissioners approved a supplemental appropriation of \$10,000 for the Middle Georgia Community Food Bank to provide additional funds for the 2012 holiday season.

Culture and Recreation

- The Culture and Recreation budget increased \$16,397.

Additional information on the County’s capital assets can be found in the capital asset schedules in the notes to the financial statements on pages 50 - 52 of this report.

Long-term Debt. At the end of the current fiscal year, the County had outstanding general obligation sales tax bond debt totaling \$21,353,936, revenue bond debt totaling \$36,589,630, and other contractual obligation debt totaling \$73,461. The governmental activities revenue bond debt represents revenue bond debt issued by various authorities and guaranteed by the taxing power of the government through contracts. The business-type activities revenue bond debt represents bonds secured solely by specific revenue sources.

Bibb County maintains an "Aa2" rating from Moody's and an "AA/A-1+" rating from Standard & Poor's Corporation for general obligation debt. The "A-1+" short-term rating that Bibb County was given in June, 2009 has allowed the County to issue variable-rate demand obligations without liquidity support from an outside source.

State statutes limit the amount of general obligation debt a governmental entity may issue to 10 percent of the assessed value of all taxable property (tax digest) within said county. The current debt limitation for Bibb County is \$436,191,353 based upon total assessed values of \$4,555,811,494 with \$20 million of general obligation sales tax bonds outstanding and \$610,204 restricted for debt service of the bonds.

Additional information on the County's long-term debt can be found on the schedule of general long-term debt and in the notes to the financial statements on page 180 and on pages 52 - 58 of this report, respectively.

Economic Factors

The unemployment rate for Bibb County (9.8%) was higher than the State of Georgia rate at 9.0%, based upon the 2012 annual average unemployment statistics.

The existing industry expansion and new industry recruitment discussed in the transmittal letter should add new jobs for the area and broaden the tax base. Local option sales tax revenues decreased \$1,764,949 from the prior fiscal year. Although our expectation is that both expanding and new industry will help to increase this revenue source, the FY 2014 budget projects a slight decrease from FY 2013. This is in keeping with our policy of conservatively estimating revenues.

The passage of the SPLOST in November 2011 will continue to have a direct impact on General Fund. The transmittal letter includes a discussion of the projects included in the SPLOST referendum.

The passage of the consolidation referendum is expected to have a considerable economic impact on the community as a whole. There will be one-time costs to the individual governments as well as the consolidated government. We are all attempting to plan for these as we gather information. The hope and certainly the expectation is that the new consolidated government will be even better positioned to encourage the expansion of existing industry and to be more attractive to potential new industry.

Next Year's Budget

As of June 30, 2013, unassigned fund balance in the general fund totaled \$9,638,313. Fund balance assigned for the 2014 fiscal year budget totaled \$7,781,915.

The FY 2014 General Fund budget presented new challenges. As discussed in more detail in the transmittal letter, the FY 2014 budget incorporated the consolidation of the City of Macon and Bibb County. A complete fiscal year budget was developed. The budget was then separated with the first six months projected activity to include the final six months of the Bibb County government. The second six months was projected as a starting point for funding of the new Macon-Bibb County Consolidated Government to become effective January 1, 2014.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

Net change in fund balances, total governmental funds	\$ 5,713,315
Amounts reported for governmental activities in the Statement of Activities differ from amounts reported in the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances due to the following:	
Net Pension Obligation Asset and Net OPEB Obligation	
To recognize change in asset (liability) resulting from contributions in excess (under) the annual required contribution.	(3,251,922)
Capital Assets	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense.	
Total capital outlays	10,080,885
Total depreciation	(18,698,582)
Donations of capital assets increase net position in the Statement of Activities, but do not appear in the governmental funds because they are not financial resources	
Total donations of capital assets	26,772,174
In the Statement of Activities, only the gain/loss on the sale/disposal of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus the change in net position differs from the change in fund balance by the cost of the capital assets sold or disposed, net of accumulated depreciation.	
Total proceeds from disposal	(1,574,416)
Total gain/(loss) on disposal	641,060
Change in investment in joint venture	(1,175,256)
Long-term Debt	
The issuance of bonds and similar long-term debt provides current financial resources to governmental funds and thus contributes to the change in fund balance. In the Statement of Net Position, however, issuing debt increases long-term liabilities and does not affect the Statement of Activities. Similarly, repayment of principal is an expenditure in the governmental funds, but reduces the liability in the Statement of Net Position. Governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. The amounts of the items that make up these differences are as follows:	
Principal repayments	2,597,031
Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the Statement of Activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. The adjustments for these items are as follows:	
Compensated absences	(145,188)
Accrued interest on debt	125,513
Amortization of bond premium	268,598
Revenues	
Because some revenues will not be collected for several months after the government's fiscal year end, they are not considered available revenues and are deferred in the governmental funds.	
Deferred revenues decreased by this amount during the fiscal year.	(20,328)
Internal Service Funds	
Internal service funds are used by management to charge the costs of risk management and health insurance services to individual funds. The net revenue is reported with governmental activities.	
Net loss of internal service funds	(616,174)
Portion of net revenue allocated to business-type activities	15,278
Total Adjustments	<u>15,018,673</u>
Change in Net Position of Governmental Activities	<u>\$ 20,731,988</u>

**BIBB COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. The Reporting Entity

Bibb County, Georgia (the "County") was established on December 9, 1822, under the provisions of an act of the General Assembly of Georgia. The County operates under a County Commissioner form of government, (four commissioners are elected by district with the chairman elected at large from the County), and provides for the following services as authorized by state law: public safety (police and fire), highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning and general administrative services.

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. The component unit's column in the government-wide financial statements includes the financial data for the County's discretely presented component units as reflected in their most recent audited financial statements. This is reported in a separate column in the government-wide financial statements to emphasize that the component units are legally separate from the County.

Macon-Bibb County Industrial Authority

The Macon-Bibb County Industrial Authority (Authority) is charged with promoting and expanding industry and trade within Bibb County. The Mayor of the City of Macon and the Chairman of the County Commission are members of the Authority, and they appoint additional members. The Authority receives appropriations from the County, with Bibb County paying 100% of the annual budget request. An annual budget request must be submitted to the County for approval of the appropriation amount, with an annual audit required to monitor performance. Complete financial statements may be obtained from the Macon-Bibb County Industrial Authority, 302 Coliseum Drive, Macon, Georgia 31202.

Middle Georgia Regional Library

The Middle Georgia Regional Library (Library) provides complete library services with the main facility in Bibb County, branch libraries located in the six surrounding counties, and a bookmobile service. The Library is governed by a Board of Trustees appointed by the County. The County contributes significant funding to the Library and exercises control over expenditures. An annual budget must be submitted for approval, with an annual audit required to monitor performance. Complete financial statements may be obtained from the Middle Georgia Regional Library, 1180 Washington Avenue, Macon, Georgia 31201.

Macon-Bibb County Convention and Visitors Bureau

The Macon-Bibb County Convention and Visitors Bureau (CVB) is a nonprofit 501 (c)(6) organization, organized and existing under the laws of the State of Georgia, whose purpose is to promote tourism and conventions in the Macon area. The Mayor of the City of Macon and the Chairman of the Board of Commissioners of Bibb County are members of the Board of Directors. Through contract with the City and County, the CVB receives hotel-motel tax proceeds. The total proceeds received are approximately 65% from Bibb County, and 35% from the City of Macon. The CVB is required to submit a detailed budget to the City and County reflecting performance against budget. Any unexpended hotel-motel tax funds are required to be returned to the City and County at termination of the contract. Complete financial statements may be obtained from the Macon-Bibb County Convention and Visitors Bureau, 450 Martin Luther King, Jr. Blvd., Macon, Georgia 31201.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. The Reporting Entity (Continued)

Macon-Bibb Country Board of Health

The governing board of the Macon-Bibb County Board of Health (Board of Health) consists of several members appointed by the County. The County, by virtue of its appointments, controls a majority of the governing body positions. The County contributes significant funding to the Board of Health. An annual budget must be submitted for approval, with annual audits required to monitor performance. Complete financial statements may be obtained from the Macon-Bibb County Board of Health, 171 Emery Highway, Macon, Georgia 31217.

Macon-Bibb County Planning and Zoning Commission

The Macon-Bibb County Planning and Zoning Commission (Commission) is responsible for community planning, establishing and enforcing zoning regulations, and administration of certain grant programs. The Mayor and City Council and the County Commissioners alternately appoint members to the Board of the Commission. The County provides significant funding for the operating costs of the Commission. Excess revenue over expenditures or excess working capital is returned to the County. The Commission submits annual budget requests to the County for approval and reports on performance against budget with the submission of an annual audit. Separate financial statements may be obtained from the Macon-Bibb County Planning and Zoning Commission, 682 Cherry Street, Suite 100, Macon, Georgia 31201.

Development Authority of Bibb County

The governing board of the Development Authority of Bibb County (Authority) consists of seven members appointed by the County. The County, by virtue of its appointments, controls a majority of the governing body positions. If the Authority is dissolved, all assets and debts and rights and obligations of the Authority shall devolve to the County. Annual audits are required to monitor performance. Complete financial statements may be obtained from the Development Authority of Bibb County, 305 Coliseum Drive, Macon, Georgia 31202.

A joint venture has the following characteristics: (1) it is a legal entity that results from a contractual arrangement; (2) it is owned, operated and governed by two or more participants as a separate and specific activity subject to joint control; and (3) participants retain an ongoing financial interest or an ongoing financial responsibility. The following agencies are joint ventures with the City of Macon:

Macon-Bibb County Urban Development Authority

The Macon-Bibb County Urban Development Authority (Urban Development Authority) is responsible for the revitalization and redevelopment of the downtown areas of Macon and Bibb County. The City Council and County Commissioners nominate board members. The Urban Development Authority submits annual budget requests to the City and County for approval. Annual audits are required to monitor performance. Equity interest in the joint venture as of June 30, 2013, was \$3,150,426. Separate financial statements may be obtained from the Macon-Bibb County Urban Development Authority, PO Box 169, Macon, Georgia 31298.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. The Reporting Entity (Continued)

Macon-Bibb County Land Bank Authority

The Macon-Bibb County Land Bank Authority (Land Bank Authority) is a nonprofit organization, whose purpose is to allow the City of Macon and Bibb County to provide housing, new industry and jobs for the citizens of the Middle Georgia area by effectively utilizing property previously in a non-revenue generating, non-tax producing status. The City Council and County Commissioners each appoint two members of the Land Bank Authority Board, and participate equally in the operating costs of the Land Bank Authority. The Land Bank Authority submits annual budget requests to the City and County for approval of appropriation. Annual audits must be submitted to the City and County. Equity interest in the joint venture at June 30, 2013, was \$578,295. Separate financial statements may be obtained from the Macon-Bibb County Land Bank Authority, PO Box 4298, Macon, Georgia 31208.

Under Georgia law, the County, in conjunction with other cities and counties in the middle Georgia area, is a member of the **Middle Georgia Regional Commission (MGRC)** and is required to pay annual dues thereto. During its year ended June 30, 2013, the County paid \$77,665 in such dues. Membership in the MGRC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the MGRC in Georgia. The MGRC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of a regional development center. Separate financial statements may be obtained from the Middle Georgia Regional Commission, 175-C Emery Highway, Macon, Georgia 31217.

B. Basis of Presentation - Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. However, interfund services provided and used are not eliminated in the process of consolidation.

**BIBB COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation - Government-wide Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment.

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

C. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the government's funds, including its fiduciary funds. Separate statements for each fund category are presented: governmental, proprietary, and fiduciary. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The **General Fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Fire District Fund** is used to account for tax revenues received from the special tax district established to provide fire services through contract with the City of Macon to citizens in the unincorporated areas of Bibb County.

The **Special Purpose Local Option Sales Tax 2012 Project Fund** is used to account for expenditures to be paid from the 1 cent special purpose local option sales tax approved by the voters of Bibb County on November 8, 2011.

The County reports the following major enterprise fund:

The **Tobesofkee Recreation Fund** accounts for the operations and maintenance of a recreation facility on Lake Tobesofkee in Bibb County. All activities necessary to provide such services are accounted for in this fund.

Additionally, the County reports the following fund types:

The **internal service funds** account for group health and workers' compensation insurance provided to other departments of the County on a cost reimbursement basis.

The **employee benefit trust funds** account for the activities of the Employee Pension Fund and Other Post Employment Benefits Trust Fund, which accumulate resources for pension and other post employment benefit payments to qualified employees of the County.

BIBB COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Presentation – Fund Financial Statements

The *private purpose trust funds* are used to account for resources legally held in trust for use by private organizations or other governments. All resources of the funds, including any interest on invested resources, may be used to support the activities. There is no requirement that any portion of these resources be preserved as capital.

The *agency funds* are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals, such as cash bonds, traffic fines, support payments and property taxes.

D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers tax revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source. All other revenue items are considered to be measurable and available only when cash is received by the County.

The proprietary, employee benefit trust funds, and private-purpose trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. The agency funds have no measurement focus but utilize the accrual basis of accounting for reporting assets and liabilities.

**BIBB COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Measurement Focus and Basis of Accounting (Continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the County's internal service funds are charges to customers for sales and services provided. Operating expenses for the enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

E. Interfund Activity

During the course of operations the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported as gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

F. Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments for the County are reported at fair value, which is generally based on quoted market prices. Investments that do not have an established market are reported at estimated fair values.

The State of Georgia Local Government Investment Pool (Georgia Fund 1) is a special investment pool operated by the Georgia Department of Administrative Services for Georgia local governments. Georgia Fund 1 was created under OCGA 36-83-8 and operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants' shares sold and redeemed based on \$1 per share. The fair value of the County's position in the pool is the same as the value of pool shares (\$1 per share value). The pool is regulated by the Georgia Office of State Treasurer.

State statutes authorize the County to invest in obligations of the U.S. Treasury, other U.S. Government agencies, State of Georgia, other states, prime bankers acceptances, repurchase agreements, other political subdivisions of the State of Georgia, and the Local Government Investment Pool.

BIBB COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Deposits and Investments (Continued)

In accordance with authorized investment laws, the County employee benefit trust funds invest in various asset-backed securities such as mortgage-backed securities. These securities represent an ownership interest in a pool of residential mortgage loans, the interest in which is, in most cases, issued and guaranteed by an agency or instrumentality of the U.S. government. These securities are reported at fair value.

G. Inventory and Prepaid Items

Inventories are valued at cost using the first-in/first-out (FIFO) method and consist of certain supplies which are recorded as assets at the time of purchase. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased. Inventories of other expendable supplies are not considered material and the cost of such items is recorded as expenditures/expenses, when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditure/expense when consumed rather than when purchased.

H. Restricted Assets

Certain proceeds of the County's enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

- Revenue bond renewal and replacement account is used to report resources set aside to meet unexpected contingencies or to fund asset renewals and replacements.
- Revenue bond current debt service account is used to segregate resources accumulated for debt service payments over the next 12 months.
- Revenue bond future debt service account is used to report resources set aside to make up potential deficiencies in the revenue bond current debt service account.

I. Capital Assets

Capital assets include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) and are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years.

As the government constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the County chose to include all such items regardless of acquisition date. The County was able to estimate the historical cost for the initial reporting of these assets through back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year).

Normal maintenance and repairs, which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or increase its estimated useful life, are expensed as incurred.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Capital Assets (Continued)

Interest incurred during the construction phase of capital assets of enterprise funds is included as part of the capitalized value of the assets constructed. The amount of interest capitalized depends on the specific circumstances. During the fiscal year ended June 30, 2013, interest expense incurred by the County's business-type activities was \$6,170. Of this amount, none was applicable to construction of capital assets.

Land and construction in progress are not depreciated. The other property, plant, equipment, and infrastructure of the primary government are depreciated using the straight-line method over the following estimated useful lives:

Land improvements	10 – 30 years
Dam improvements	15 – 20 years
Buildings	20 – 40 years
Building improvements	7 – 30 years
Machinery, equipment and furniture	5 – 20 years
Vehicles	5 – 15 years
Infrastructure	20 – 30 years

In accordance with generally accepted accounting principles, depreciation is not provided for on the earthen dam reported in the Tobesofkee Recreation Fund. The earthen dam has no determinable depreciable life.

J. Compensated Absences

The County's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment upon separation from government service. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

There is no liability for unpaid accumulated sick leave. Accumulated sick leave lapses when employees leave the employ of the County and, upon separation from service, no monetary obligation exists.

K. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued and premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government does not currently have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has one item that arises under a modified accrual basis of accounting for reporting in this category. Accordingly, the item unavailable revenue is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The government-wide statement of net position reports a deferred inflow of resources for the fair value of an effective hedge. This item is discussed in more detail in Note 8. D. Certificates of Participation.

M. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as fund balance. Fund equity for all other reporting is classified as net position.

Fund Balance

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment or an assignment. Fund balances are classified as follows:

Nonspendable: Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted: Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Committed: Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the County Board of Commissioners through the adoption of a resolution prior to the end of the fiscal year. Once adopted, the limitation imposed remains in place until a similar action is taken to remove or revise the limitation. Only the Board of Commissioners may modify or rescind the commitment.

Assigned: Fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the Board of Commissioners has authorized the County's Finance Director to assign fund balances. The Board of Commissioners may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. An additional action does not normally have to be taken for the removal of an assignment.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Fund Equity (Continued)

Unassigned: Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. Positive unassigned fund balance may be reported only in the General Fund. Negative unassigned fund balances may be reported in all governmental funds.

Net Position

Net position represents the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the County has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. The residual amount of equity not classified as net investment in capital assets or net position restricted is reported as net position unrestricted.

Flow Assumptions – Fund Balance

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Flow Assumptions – Net Position

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted-net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

NOTE 2. BUDGETS AND BUDGETARY ACCOUNTING

A. Budget Process

The County prepares a separately issued budget report. The annual budget document is the financial plan for the operation of Bibb County. The budget process exists for the purpose of providing a professional management approach to the establishment of priorities and the implementation of work programs while providing an orderly means for control and evaluation of the financial posture of the County.

The department and agency heads begin budget preparation in February. The County's Finance Department formulates and remits the budget to the Budget Committee, which is made up of all members of the Bibb County Commission. The Budget Committee, with the assistance of the County Finance Director, conducts budget hearings with all departments and agencies. After a review by the Budget Committee and public hearing, a final budget is approved when the budget resolution is adopted.

B. Budgetary Basis of Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles. An annual operating budget is prepared for the general, special revenue and debt service funds.

The appropriated budget is prepared by fund, function and department. The legal level of budgetary control is the department level.

The County Finance Director is delegated the authority to transfer funds from one budget line item to another within a department, provided the line items are within the same budget category and departmental division. Transfers from one budget category to another cannot be made without the approval of the appropriate committee. All funds appropriated for capital outlay in General Fund are budgeted in one line item called "contingency capital outlay". The departments are given a list of approved items, but no funds are budgeted in the individual departments. When items are ordered and final prices known, an amount equal to the cost is transferred from capital outlay contingency to the individual department's capital outlay line item. The Finance Director is authorized by Budget Resolution to transfer these funds provided the amounts are within the not-to-exceed limit for each item. No increase in the overall budget can be made without the approval of the Board of Commissioners and amendment to the budget.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances (those for which performance under the executor contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget.

NOTE 2. BUDGETS AND BUDGETARY ACCOUNTING (CONTINUED)

B. Capital Improvements Budget

Major capital facilities and improvements, which are accounted for by the County within capital projects funds, are appropriated on a project-length basis. The County's Finance Department prepares the budget for projects based upon architectural and engineering estimates and other factors. Appropriations covering capital projects are normally approved by the Board of Commissioners at the time the annual operating budgets are approved. The County Finance Director is delegated the authority, upon the direction of and approval by unanimous vote of the buildings and properties committee, to transfer sums from one project to another. No increase in the overall capital projects budget can be made without the approval of the Board of Commissioners and amendments to the budget. Appropriations for a specific project do not lapse until completion of the project. During the fiscal year ended June 30, 2013, the County's expenditures for capital improvement projects were within the authorization provided in the budget.

C. Excess of Expenditures Over Appropriations in Individual Funds

There were no excess of expenditures over appropriations in individual funds. The County's expenditures were within the authorization provided by the operating budget and supplemental appropriations thereto, as approved by the Board of Commissioners.

D. Supplemental Appropriations

The County Commissioners make supplemental appropriations for budget overruns. The Commissioners made several supplemental appropriations throughout the year.

Supplemental appropriations in the General Fund totaled \$4.7 million. The Commissioners approved a supplemental of \$2.5 million to cover items originally budgeted and encumbered in FY 2012 that were not completed until FY 2013, including \$2.1 million for large public works equipment. A supplemental of \$767,863 was approved for transfer to the Capital Improvements Fund to complete renovations to the County Engineering facility. The renovations were budgeted in FY 2012 but not completed until FY 2013. A supplemental of \$650,623 was approved for public road improvements using proceeds from state grant funds. A supplemental of \$310,000 was approved to purchase 800Mhz radios for the Sheriff's Department. Proceeds from the sale of property provided the revenue source for this purchase.

Supplemental appropriations in the Fire District Fund totaled \$490,935, which consisted of vehicles and equipment budgeted and encumbered in FY 2012 but not completed until FY 2013.

A supplemental appropriation in the General Debt Service Fund of \$2.2 million represented leasepool reimbursements to General Fund for equipment budgeted in FY 2012 but not received until FY 2013.

E. Deficit Fund Equity

At June 30, 2013, the MBCUDA 2013 Project Fund had a deficit fund balance of \$384,314. The deficit represents expenditures to be funded with proceeds from revenue bonds issued by the Macon Bibb County Urban Development Authority in July 2013.

Interest Rate Risk. In accordance with its investment policy, the County manages its exposure to declines in fair values by diversifying its use of investment instruments to avoid unreasonable risks inherent in over investing in specific instruments, individual institutions, or maturities.

Credit Risk. It is the policy of Bibb County to invest public funds in accordance with state and local statutes. State statutes authorize the County to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime banker's acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia.

Custodial Credit Risk - Deposits. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of June 30, 2013, the County had no uncollateralized deposits.

Custodial Credit Risk - Investments. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require all investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities.

NOTE 4. TAX REVENUE

A. Property Tax

State law requires that property taxes be based on assessed value, which is 40% of market value. All real and personal property (including motor vehicles) are valued as of January 1 of each year. Personal property tax returns must be filed for tax purposes by April 1. With the exception of motor vehicles and the property of public utilities, which are valued by the State Revenue Department, all assessments are made by a joint Board of Tax Assessors of Macon and Bibb County. This board has five members appointed by the Bibb County Board of Commissioners for staggered six-year terms.

Upon completion of all assessments and tax returns, the information is turned over to the Macon-Bibb County Tax Commissioner for compilation of the tax digest. The completed tax digest must be submitted to the State Revenue Commissioner for approval. The State Revenue Commissioner must ascertain that real property on the tax digest has been assessed at the state mandated forty percent (40%) of fair market value. The State Revenue Commissioner has the option to withhold certain state funding if the mandated 40% level is not reached.

The Macon-Bibb County Tax Commissioner distributes tax notices and collects tax payments. Motor vehicle taxes are due based upon the birthday of the owner. Property taxes are usually billed in September each year. Real and personal property taxes may be paid in two installments. The first payment is due 30 days following the mailing of the bills, and the final payment is due 60 days following the mailing of the bills. Tax executions are issued for delinquent taxes approximately 90 days following the due date of the second installment.

The property tax calendar is as follows:	<u>Real/Personal Property (Excluding Vehicles)</u>	<u>Motor Vehicles</u>

NOTE 8. LONG-TERM DEBT

A. General Obligation Bonds

The County periodically issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the government. These bonds generally are issued as 20-year serial bonds with equal amounts of principal maturing each year. General obligation bonds outstanding at year end are as follows:

Governmental activities

<u>Payable from Special Purpose Local Option Sales Tax 2012 Fund</u>	
\$20,000,000 2012 Bibb County General Obligation Sales Tax Bonds due in annual principal installments of \$275,000 to \$4,175,000 beginning December 1, 2013. Interest at 2.0% to 4.0% to be paid each June 1 and December 1, commencing December 1, 2012.	\$20,000,000
Total General Obligation Bonds - governmental activities	<u>\$20,000,000</u>

Proceeds from the Bibb County Series 2012 (General Obligation Sales Tax Bonds) were used to provide funds for various capital outlay projects included in the special 1 percent sales and use tax approved by Bibb County voters in November 2011.

Annual debt service requirements to maturity for governmental activity general obligation bonds (excluding unamortized bond premium of \$1,353,936) are as follows:

B. Revenue Bonds

The County also issues bonds where the County pledges income derived from the acquired or constructed assets to pay debt service. The original amount of revenue bonds issued in prior years was \$46,820,000. No revenue bonds were issued in fiscal year 2013.

B. Revenue Bonds (Continued)

Revenue Bond Requirements

The \$11,500,000 Series 2009 Macon-Bibb County Industrial Authority Revenue Bond Issue (Bass Pro & Sofkee Park Projects) was used to refund and redeem the Series 2005 Macon-Bibb County Industrial Authority Bass Pro bonds and to assist in the acquisition of land and improvements for the development of facilities in Sofkee Industrial Park. The County is contractually obligated to make the necessary payment of principal and interest on this issue. The bonds initially bear interest at a weekly rate and will continue such until adjusted at the option of the Authority to a monthly rate, semi-annual rate, money market rate, medium term rate or fixed rate. The weekly rate is determined by the remarketing agent subject to a maximum of 12 percent per annum.

The \$11,700,000 2002A and the \$1,210,000 2002B Macon-Bibb County Urban Development Authority Bond Issues were used to finance improvements to the Department of Family and Children Services facilities, redeem a 1992 Bond Issue, and finance expenses for acquisition and construction of park improvements. The County is contractually obligated to make the necessary payment of principal and interest on these issues.

The \$4,995,000 Series 2006 Macon-Bibb County Urban Development Authority Revenue Bond Issue (Public Building Projects) was used for promoting and expanding public facilities of urban, central city, and downtown areas of Bibb County. The County is contractually obligated to make the necessary payment of principal and interest on this issue.

The \$6,240,000 Series 2009 Macon-Bibb County Urban Development Authority Revenue Bond Issue (Public Projects) was used to finance renovations to the Bibb County courthouse and reimburse costs for the acquisition of land and to pay architectural and other fees and expenses related to the location and development of a new Justice Center. The County is contractually obligated to make the necessary payment of principal and interest on this issue.

The \$11,175,000 Series 2010 Macon-Bibb County Urban Development Authority Revenue Bond Issue (Revenue Refunding) was used to refund and redeem Macon-Bibb County Urban Development Authority Bond Issues Series 1993, Series 1996 and Series 2000. The County is contractually obligated to make the necessary payment of principal and interest on this issue.

Business-type activities

Payable from Tobesofkee Recreation Fund

\$2,845,030 Lake Tobesofkee Recreational Revenue Bond,
Series 1975, due in annual installments of \$124,328 through
December 1, 2013, including interest at 3.063%.

\$83,058

Revenue Bond Requirements

The revenue from the Lake Tobesofkee Recreation Area is pledged as security for these bonds. The terms of the bond indenture require all revenues to be accumulated in a sinking fund until such time as an amount has been accumulated sufficient to pay the annual installment of principal and interest coming due on the succeeding December 1. The remaining revenues can be used to pay current operating costs of the recreation area. Annual debt service requirements to maturity are as follows:

D. Certificates of Participation

In June 1998, the County entered into a lease pool agreement with the Georgia Municipal Association (Association). The funding of the lease pool was provided by the issuance of \$150,126,000 Certificates of Participation by the Association. The Association passed the net proceeds through to the participating governments with the County's participation totaling \$7,152,000. The lease pool agreement with the Association provides that the County owns their portion of the assets invested by the pool and is responsible for the payment of their portion of the principal and interest of the Certificates of Participation. The principal is due in a lump sum payment on June 1, 2028. Interest is payable at a rate of 4.75% each year. The County draws from the investment to lease equipment from the Association. The lease pool agreement requires the County to make lease pool payments back into its investment account to fund the principal and interest requirements of the 1998 Georgia Municipal Association Certificates of Participation.

As part of the issuance of the certificates of participation, the County entered into an interest rate swap agreement. Under the Swap Agreement, the County is required to pay (1) a semi-annual (and beginning July 1, 2003, a monthly) floating rate of interest based on the Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index (plus a 31 basis points spread) to, or on behalf of, the Swap Counterparty (the "Swap Payment"); and the Swap Counterparty will pay to, or on behalf of, the County a semi-annual payment based on a rate equal to the fixed rate on the certificates of participation (4.75%) times a notional amount specified in the Swap Agreement, but generally equal to the outstanding unpaid principal portion of such Contract, less the amount originally deposited in the Reserve Fund relating to the Contract, and (ii) a one-time Swap Premium to be paid on the effective date of the Swap Agreement. The semi-annual payments from the Swap Counterparty with respect to the County are structured, and expected, to be sufficient to make all interest payments due under the Contract, and related distributions of interest on the Certificates. Monthly interest payments between the County, the holders of the Certificates of Participation, and the Swap Counterparty can be made in net settlement form as part of this agreement. Under the Swap Agreement, the County's obligation to pay floating payments to the Swap Counterparty in any calendar year may not exceed an amount equal to the SIFMA Municipal Swap Index plus 5% to be determined on the first business day of December in the preceding year. This agreement matures on June 1, 2028, at the same time of the certificates of participation. This derivative qualifies as a fair market hedge.

In the unlikely event that the Swap Counterparty becomes insolvent, or fails to make payments as specified in the Swap Agreement, the County would be exposed to credit risk in the amount of the Swap's fair value. To minimize this risk, the County executed this agreement with counterparties of appropriate credit strength, with the counterparty being rated Aa1 by Moody's. At June 30, 2013, the floating rate being paid by the County is 0.49% and the market value of this agreement is \$1,674,519, a decrease of \$956,242 from the market value at the end of the previous fiscal year. The market value of the hedge was determined using settlement prices at the end of the day on June 30, 2013 based on the derivative contract. This market value is reported as an asset in the statement of net assets. As this derivative is an effective hedge, qualifying for hedge accounting, the inflow from the hedge (any change in fair value from inception until fiscal year end) is deferred and reported as deferred inflows in the statement of net assets.

Total	\$ 143,162	\$ 1,339,414	\$ 1,999	\$ 1,484,575

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. These balances normally clear within one to two months.

The composition of interfund transfers for the year ended June 30, 2013 is as follows:

	Transfer From					Total
	General	Fire District	SPLOST 2012 Project	Nonmajor Governmental Funds	Nonmajor Enterprise Fund	
Transfer To

Transfers are used to (1) move revenues from the fund that statute or budget requires collect them to the fund that the statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Further, during the year ended June 30, 2013, the County made the following one-time transfers:

- A transfer of \$3,207,766 to General Fund from General Debt Service Fund represented GMA leasepool reimbursements for purchases of equipment and vehicles.
- A transfer of \$746,295 to Capital Improvements Fund from General Fund for construction renovations to the County Engineering facility.

Balances between the County and its component units for the year ended June 30, 2013, consisted of the following:

NOTE 10. FUND EQUITY

A. Fund Balance (Continued)

Committed fund balance represents amounts that can be used only for the specific purposes determined by the Bibb County Board of Commissioners.

- The Fund Balance policies adopted by the Board of Commissioners establish a stabilization fund in the General Fund equivalent to 45 days of normal operating expenditures and other financing uses, based on the subsequent fiscal year's budget. Stabilization funds may be used for critical disbursements of a catastrophic, emergency nature or to offset revenue shortfalls during a significant economic downturn.
- The budget resolution commits the resources of the Law Enforcement Commissary Fund to Bibb County Law Enforcement.

Assigned fund balance represents the County's intended use of resources.

- General Fund budget for FY 2014 contains a projected use of \$7,781,915 fund balance.

B. Minimum Fund Balance Policy

The County has adopted a financial policy to seek to maintain a minimum level of unrestricted-unassigned fund balance in the General Fund and Fire District Fund. The target level is set at 30 days of regular operating expenditures and other financing uses based on the subsequent year's budget. This amount is intended to provide fiscal stability when economic downturns and other unexpected events occur. If fund balance falls below the minimum target level, the policy provides for actions to replenish the amount to the minimum target level.

C. Restrictions of Net Assets

In the Tobesofkee Recreation Fund, net assets consist of restricted and unrestricted amounts. Restricted net assets represent resources limited by bond covenants. The changes in these balances for the year ended June 30, 2013, are as follows:

NOTE 11. POST EMPLOYMENT BENEFITS

Bibb County administers a single-employer, defined benefit, other post employment benefit plan (OPEB). This plan does not issue a separate stand-alone report and is not included in the report of another entity. Plan assets may be used only for the payment of benefits to the members of the plan, in accordance with the terms of the plan.

A. Plan Description

In accordance with County resolution, the County provides certain post employment benefits for retired employees. Substantially all full-time employees employed prior to May 1, 2011 become eligible for the benefits if they reach normal retirement age while working for the County. The plan provides health care and life insurance benefits to plan members and their beneficiaries. Life insurance is provided at the rate of two times the employee's ending salary up to a maximum death benefit of \$50,000. The benefit is reduced by 35% upon reaching age 65, and a further reduction of 20% is applied upon reaching age 70. The Bibb County Board of Commissioners is authorized to establish and amend all Plan provisions.

B. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

C. Method Used to Value Investment

Investments are reported at fair value, which is determined using selected bases. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value, and the carrying amount of cash deposits reasonably estimates fair value.

E. Funding Policies

The contribution requirements of plan members and the County are established and may be amended by the Board. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts toward the cost of insurance premiums. Plan member contributions are based upon coverage elections. Retiree health coverage is \$139-\$152 per month; dependent coverage is an additional \$212-\$310 per month. For the year ended June 30, 2013, health and dental insurance premium contributions paid by plan members totaled \$394,204 and contributions paid by the County totaled \$1,776,426. The premiums are included as revenues in the Group Insurance Internal Service Fund. Current retiree health care expenses are reflected as expenditures of the Group Insurance Internal Service Fund and are included in the calculation of benefits as contributions toward the County's ARC. Life insurance premiums are paid entirely by the County, and totaled \$308,651 for the fiscal year.

The County may contribute additional amounts to prefund benefits as determined annually by the Board of Commissioners. Such amounts are contributed to the OPEB Trust. Administrative costs of the plan are financed through investment earnings.

As of the most recent valuation date, June 30, 2011, the funded status of the Plan was as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability	Actuarial Accrued Liability	Funded Ratio	Covered Payroll	Percentage of Covered Payroll
06/30/2011	\$ 18,350,760	\$ 65,205,918	\$ 46,855,158	28.1%	\$ 26,214,697	178.7%

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

F. Annual OPEB Cost and Net OPEB Obligation (Asset)

The County's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB obligation:

Annual required contribution	\$ 5,793,427
Interest on net other postemployment benefit obligation	-
Adjustment to annual required contribution	-
Annual OPEB cost (expense)	<u>5,793,427</u>
Employer contributions for period ended June 30, 2013	<u>(2,541,505)</u>

F. Annual OPEB Cost and Net OPEB Obligation (Asset) (Continued)

The schedule of employer contributions presents trend information about the amounts contributed to the plan by the County in comparison to the ARC. Information is presented beginning with the year of transition.

Fiscal Year Ending	Annual OPEB Cost	Contributions to OPEB Trust	Net Retiree Benefits Paid	Total Contributions	Percentage Contributed	Net Other Postemployment Benefit Obligation (Asset)
06/30/08	\$6,445,834	\$4,000,000	\$2,568,796	\$6,568,796	102%	(\$122,962)

06/30/10	7,181,949	4,000,000	1,969,995	5,969,995	83%	24,643
06/30/11	5,635,433	3,100,000	2,630,347	5,730,347	102%	(69,881)
06/30/12	5,666,577	2,350,000	3,316,577	5,666,577	100%	(69,881)
06/30/13	5,793,427	-	2,541,505	2,541,505	44%	3,182,041

The annual required contribution (ARC) was determined as part of the June 30, 2011, actuarial valuation using the Projected Unit Credit Cost Method. The actuarial assumptions included (a) 6.0% investment rate of return (including inflation at 4.0%); and (b) healthcare cost trend rate of 8.5% (initial) and 5% (ultimate) per year. The actuarial value of assets was determined using market value of assets. The Plan's unfunded actuarial accrued liability is being amortized as a level dollar method on a closed basis. The remaining amortization period was 30 years.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

G. Reserves

There are no assets legally reserved for purposes other than the payment of plan member benefits. The Plan held no individual investments whose market value exceeds 5% or more of net assets available for benefits. There are no long-term contracts for contributions.

NOTE 12. EMPLOYEE RETIREMENT PLAN

The County administers a single-employer, defined benefit, public employee retirement system. This plan does not issue a separate stand-alone report and is not included in the report of a public employee retirement system or another entity. Assets are held separately and may be used only for the payment of benefits to the members of the plan.

A. Plan Description

The County Employee's Pension Plan (the "Plan") provides retirement benefits for substantially all full-time employees except certain employees in the State Court, Agriculture Agent's Office, and the Tax Commissioner. The plan provides retirement, disability, and death benefits to plan members and their beneficiaries. The County has authorized the Employees Pension Plan Board (the "Board") to establish and amend all Plan provisions.

B. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. The County's contributions to the Plan are recognized when due and the County has made a formal commitment to provide the contributions. Plan members make no contribution to the Plan. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

C. Method Used to Value Investment

Investments are reported at fair value, which is determined using selected bases. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value, and the carrying amount of cash deposits reasonably estimates fair value.

E. Funding Policies

The contribution requirements of plan members and the County are established and may be amended by the Board. Plan members currently make no contributions to the Plan. The County is required to contribute at an actuarially determined rate; the fiscal year 2013 rate was 16.85% of annual covered payroll. The costs of administering the Plan are financed with investment earnings of the Pension Fund assets.

2012	\$ 94,348	\$ 131,193	\$ 36,845	71.9%	\$ 28,432	129.6%

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing relative to the actuarial accrued liability for benefits.

F. Annual Pension Cost and Net Pension Obligation (Asset)

For 2013, the County's annual pension cost of \$5,139,924 was equal to the County's required and actual contributions. The annual pension cost was determined as part of the July 1, 2012 actuarial valuation using the Entry Age Actuarial Cost Method. The actuarial assumptions included (a) 7.5% investment rate of return (including inflation at 4.0%); and (b) projected salary increases of 4.25% per year. The assumptions did not include cost-of-living adjustments. The actuarial value of assets was determined using techniques that smooth investment gains and losses over a five year period. The Plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period as of June 30, 2012, was 18 years.

NOTE 13. ACCG DEFINED CONTRIBUTION PLAN

The ACCG Defined Contribution Plan for Senior Management of Bibb County is a defined contribution pension plan established by the County to provide retirement benefits for certain eligible County employees. Eligible employees must be designated by County resolution or other written record. The County has designated ACCG to administer the plan. During fiscal year 2013, there were 2 plan members from the government. Plan members are required to make contributions to the plan. County resolution requires the County to contribute 8 percent of compensation of plan participants. Plan provisions and contribution requirements are established by County resolution and may be amended by the County. Total contributions for the year ended June 30, 2013 were \$12,838 by the employees and \$12,838 by the County.

BIBB COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 14. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters; and losses resulting from providing accident and health benefits to employees, retirees, and their dependents. The County purchases commercial insurance for most types of risk. For these risks, settlements have not exceeded coverage for each of the past three fiscal years. The County had no significant reduction in insurance coverage from coverage in the prior year.

The County established internal service funds for group health insurance and workers' compensation claims, which are funded by charges to the County's other funds. Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of payouts), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claims adjustment expense related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate.

During fiscal year 1991, the County entered into a self-funded group insurance plan with major medical coverage. The County currently utilizes Blue Cross Blue Shield as the Third Party Administrator. A stop loss carrier is in place to cover claims in excess of \$175,000. Management continues to monitor the performance of this fund to ensure that premiums charged to the funds and agencies of the County are adequate.

The County has joined together with other municipalities in the state as a member of the Group Self Insurance Workers' Compensation Fund (GSIWCF) for its workers' compensation risks. GSIWCF exists by authority of the Official Code of Georgia (OCGA), and participates in risk sharing arrangements among Georgia county governments. As part of this risk pool, the County is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the fund being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the fund.

Chapter 85 of Title 36 and Chapter 9 of Title 34 of the OCGA authorize Georgia counties to form interlocal management agencies. GSIWCF acts as a risk management agency to function as unincorporated nonprofit instrumentalities of its member counties. GSIWCF establishes and administers one or more group self insurance funds and a risk management service to prevent or lessen the incidence and severity of workers' compensation losses occurring in the operation of member governments.

The County retains the first \$350,000 (in the form of a deductible) on its workers' compensation claims. The County files all claims with GSIWCF, and GSIWCF invoices the County monthly for any loss up to the deductible amounts. Workers' compensation benefits are paid from the Workers' Compensation Fund, with funding provided by transfers from the County's other funds based upon the contributing funds' payroll.

NOTE 15. COMMITMENTS AND CONTINGENCIES

A. Construction Commitments

The County has active construction projects as of June 30, 2013. The projects include street construction, building renovations, and construction of a new Juvenile Justice Facility and a new fire station. At year end the County's commitments with contractors are as follows:

Project Description	Remaining Commitment
Juvenile Justice Facility construction	\$5,132,983
Highway paving and resurfacing	905,369
Street construction	850,898
Elevator upgrades	512,159
Building renovations	436,461
Dam construction and maintenance	353,134
Swimming pools maintenance and upgrades	176,929
Fire station construction	120,489

The remaining commitment amounts were encumbered at the end of the fiscal year. The encumbrances and related appropriation lapse at the end of the year, but are re-appropriated and become part of the subsequent year's budget because performance under the executor contract is expected in the next year.

B. Encumbered Commitments

As of June 30, 2013, the amount of encumbrances expected to be honored upon performance by the vendor in the subsequent fiscal year are as follows:

General Fund	\$ 1,730,608
Fire District Fund	60,390
SPLOST 2012 Project Fund	7,958,090
Nonmajor governmental funds	1,194,735
Total	<u>\$ 10,943,823</u>

C. Litigation

Bibb County, Georgia is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County's legal counsel, the resolution of these matters will not have a materially adverse effect on the financial condition of the County.

D. Grant Funds

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

E. Contracts with Macon-Bibb County Industrial Authority

The County entered into a contract with the Macon-Bibb County Industrial Authority to provide \$350,000 annually for 20 years, with payments beginning October 31, 2008. The funds are to be used for the purpose of land acquisition, infrastructure development, transaction costs and other industrial development services.

The County entered into a contract with the Macon-Bibb County Industrial Authority to provide \$202,245 monthly for 18 months, with payments beginning August 1, 2013. The funds will be paid from the SPLOST 2012 Project Fund and will repay advances to the Macon-Bibb County Industrial Authority from the Macon Water Authority's 704 Project Fund. The advances were used to acquire and improve the Macon-Bibb County Industrial Authority's I-75 Business Park.

F. Macon-Bibb County Industrial Authority Employee Incentive Program Grant

The Georgia Department of Community Affairs (DCA) through its Community Development Block Grant (CDBG) Employment Incentive Program (EIP) entered into an Economic Development and Construction Agreement with Bibb County, Macon-Bibb County Industrial Authority, and Kumho Tire Georgia, Inc. for an EIP grant, awarded September 2, 2009. The grant award was \$500,000, and draws on the grant totaled \$496,240.86. The County and Industrial Authority guaranteed the funds in the EIP grant. Project Kumho failed to meet performance standards provided in the grant. As a result, DCA issued a letter of sanction to Bibb County in February 2012. The County, Industrial Authority and DCA agreed in March 2012 to enter into a repayment agreement requiring minimum annual payments of \$70,891.55 over seven years. The first payment was made by the Industrial Authority in August 2012. Sanctions shall remain lifted as long as payments under the agreement are made as provided. The liability for the repayment of this grant is shown in the financial statements of the Macon-Bibb County Industrial Authority.

G. Development Authority of Bibb County Intergovernmental Contract

The Development Authority of Bibb County issued \$5 million Series 2012 Taxable Revenue Bonds in June 2012. Funds will be used by the Authority to provide loans to developers and nonprofit organizations for various downtown housing and commercial development projects. The bonds are obligations of the Authority and are secured by rental or loan payments received by Urban Development Concepts, LLC under a Management Agreement with the Authority. An Intergovernmental Contract between the Development Authority and Bibb County obligates the County to pay debt service to the extent not paid from the revenues of the projects. The bonds bear interest at the fixed rate of 3.04% per annum until June 2016. Semiannual interest payments are required each December and June, beginning December 2012. Principal payments are due June 2017 through 2030. The liability for the bonds is shown in the financial statements of the Development Authority of Bibb County, which is also a component unit of the County.

NOTE 16. SUBSEQUENT EVENTS

A. Consolidation of Bibb County and City of Macon

On April 20, 2012, Act 625 was signed into law by the Governor of Georgia to create and incorporate a new consolidated government under the name of Macon-Bibb County, subject to approval by the voters of the City and County. The referendum was held on July 31, 2012, and the Act was approved by both the voters of the City of Macon and Bibb County. The consolidation becomes effective January 1, 2014.

B. Macon-Bibb County Urban Development Authority, Series 2013 Revenue Bonds

The Macon-Bibb County Urban Development Authority issued revenue bonds in July 2013 to finance the costs of the acquisition of land and construction and equipping of certain capital outlay projects of the County and Macon-Bibb County Urban Development Authority. The County is contractually obligated to make the necessary payment of principal and interest on this issue. The 2013A \$10 million revenue bonds are due in annual principal installments of \$500,000 to \$930,000 commencing June 1, 2016; interest at 2.65% to be paid each June 1 and December 1. The 2013B \$3,225,000 taxable revenue bonds are due in annual principal installments of \$605,000 to \$690,000 commencing June 1, 2018; interest at 3.0% to 4.0% to be paid each June 1 and December 1.

NOTE 17. CHANGE IN BEGINNING NET POSITION/FUND BALANCE

Bibb County implemented Governmental Accounting Standards Board (GASB) Statements 63 and 65 for FY 2013. A prior period adjustment to remove debt issuance costs previously recorded as an asset reduced the governmental activities net position by \$1,116,151. A prior period adjustment to reclassify revenues previously reported as deferred to restricted fund balance in the DFACS MIL Fund increased governmental activities net position and governmental funds fund balance by \$1,943,643. The net effect of these changes is as follows:

Governmental Activities, Net Position – Beginning	\$221,172,200
Remove debt issuance costs	(1,116,151)
Reclassify restricted fund balance	<u>1,943,643</u>
Governmental Activities, Net Position – Beginning, restated	<u>\$221,999,692</u>

NOTES:

Amounts presented for fiscal years 2003 - 2005 have been restated for the effects of prior period adjustments recorded in fiscal years 2005 and 2006.

Amounts presented for fiscal years 2003 - 2010 include certain reclassifications between restricted and unrestricted Net Position of Governmental Activities.

The fiscal year 2008 increase in investment in capital assets and decrease in restricted net position represents the completion of the LEC expansion project and payoff of 2002 and 2005 LEC bonds totaling \$34,120,000. The increase in business-type activities was primarily due to an insurance recovery of \$1.4 million in the Tobesofkee Recreation Fund for storm damage reimbursements in excess of the book value of assets destroyed. The funds were primarily used for repairs and replacements in 2009.

The fiscal year 2009 increase in restricted net position was primarily the result of excess proceeds in the SPLOST Debt Service Fund, which increased \$5.3 million. This increase was partially offset by expenditures in the SPLOST Transportation Fund that decreased assets restricted for capital projects by \$4.6 million.

The fiscal year 2010 decrease in restricted net position was primarily the result of 3 components. The SPLOST Debt Service Fund transferred excess tax proceeds to General Fund to provide property tax relief, resulting in a decrease of \$14.8 million. Progress on contracts for the Road Improvement Program resulted in a decrease in restricted position of \$2.8 million in the SPLOST Transportation Fund. The Capital Improvements Fund restricted for capital projects decreased \$3 million due to expenditures from the Series 2009 revenue bonds.

The fiscal year 2011 decrease in restricted net position was primarily due to progress on contracts in the SPLOST Transportation Fund, resulting in a decrease of \$1.2 million and expenditures in the Fire District Fund, which decreased restricted net position by \$1.7 million.

The fiscal year 2012 increase in restricted net position was primarily due to the issuance of \$20 million General Obligation Sales Tax Bonds to be used for project expenditures included in the resolution for the 2012 Special Purpose Local Option Sales Tax. A significant portion of the funds were unspent at the end of FY 12 and were included in restricted rather than capital related debt. This was also the primary factor in the reduction of unrestricted net position for FY 12.

The fiscal year 2013 increase in restricted net position was primarily due to receipts for the Special Purpose Local Option Sales Tax approved in 2012.

NOTES:

Amounts presented for fiscal years 2003 - 2005 have been restated for the effects of prior period adjustments.

Certain revenues and expenses presented for fiscal years 2003 - 2004 have been restated by function, in order to present the information consistent with current functional classifications.

The increase in general government expenditures in 2004 was due to numerous factors including an additional transfer to the pension fund of \$2 million, and an increase in the allocation of internal service fund deficits. The increases in 2009 and 2010 were primarily due to contributions to the OPEB Trust Fund totaling \$5.5 million in 2009 and \$4 million in 2010.

The decrease in Health and Welfare in 2010 was primarily due to budgetary constraints. Funding for indigent care was reduced \$2.9 million and funding for most outside agencies was reduced by 11%.

The increase in conservation of natural resources in FY 2007 was due to the purchase of Greenspace property using grant funds of \$517,000 and loan proceeds of \$168,394 from the Georgia Environmental Facilities Authority.

Economic development expenditures reported in 2002 included approximately \$30 million for Bibb County School District 1998 General Obligation School Bonds project expenditures. FY 2005 included approximately \$4 million for project expenditures for Bass Pro Shop development. FY 2009 included \$3.2 million for development at Sofkee Industrial Park.

Community development expenditures in 2012 and 2013 represent the distribution of special purpose local option sales tax to the City of Macon.

The operating grant amounts were significantly higher in 2004 and 2005 due to accelerated payments from the Bibb County School District used to repay the Bibb County School District 1998 General Obligation School Bonds. The amounts totaled \$30,468,848 and \$25,488,836 in 2004 and 2005, respectively.

The capital grant amounts were higher in 2007, 2008 and 2009 due to infrastructure assets donated by other governmental agencies and private developers totaling \$4,962,437 in 2007; \$4,641,102 in 2008; and \$4,812,456 in 2009.

Fluctuations in property tax revenues are directly tied to changes in the County millage rate. Calendar year property tax assessments are reported as revenues in the subsequent fiscal year. The increase in property tax revenue from 2002 to 2003 was due to an increase in the County millage rate from 15.4004 to 16.8957. The decrease in 2006 was due to a reduction of the millage rate from 16.3899 to 15.2379. A Special Local Option Sales Tax was passed in 2005 to allow for the collection of tax to be utilized to repay certain outstanding debt. As a result, the County eliminated the millage for general obligation debt. Property tax revenue increased in 2008 due to a one mill increase in the millage rate. Revenue decreased in 2009 and 2010, due to a two-mill rollback. The County utilized excess SPLOST proceeds to provide property tax relief. The two-mills were added back in 2011, which resulted in a significant increase in property tax revenue for FY 12.

As a result of sales tax negotiations during 2002, Bibb County received an increase in the distribution percentage of local option sales tax from 19.6% to 40% effective July 1, 2003.

The increase in sales tax in fiscal year 2006 and 2007 was due to the SPLOST passed in June 2005, with proceeds totaling \$13 million in FY 2006, the initial year of collections, and \$22 million in FY 2007, the first full year of tax collections. Taxes declined in 2009 and 2010, as the SPLOST expired in March 2009. Taxes increased in 2012 and 2013 with the passage of a new SPLOST. Collections for the new SPLOST began in April 2012.

NOTES:

Fluctuations in property tax revenues are directly tied to changes in the County millage rate. Calendar year property tax assessments are reported as revenues in the subsequent fiscal year. The decrease in property tax revenue in 2006 was due to a reduction of the millage rate from 16.3899 to 15.2379. The two mills were added back in calendar year 2011, which resulted in an increase in property tax revenues in FY 2012.

The increase in sales tax in fiscal year 2006 and 2007 was due to the SPLOST passed in June 2005, with proceeds totaling \$13 million in FY 2006, the initial year of collections, and \$22 million in FY 2007, the first full year of tax collections. Taxes declined in 2009 and 2010, as the SPLOST expired in March 2009. The voters approved another SPLOST in 2011 with collections beginning in April 2012, which resulted in an increase in sales tax revenue beginning in 2012 and a significant increase in 2013.

A portion of the intangible tax began being distributed directly to the local school board in fiscal year 2006, as a result of the school board gaining taxing authority.

Other taxes increased in fiscal year 2008, primarily due to increased collections of interest and penalties on delinquent taxes. These declined in fiscal year 2010. The final 2009 tax bills were due June 30, 2010 with FIFAs not issued until FY 2011. This resulted in an increase in taxes and penalties in FY 2011.

NOTES:

Amounts presented for fiscal years 2004 through 2010 have been restated to reflect the fund balance classifications consistent with GASB 54.

Amounts presented for fiscal year 2004 have been restated for the effects of prior period adjustments recorded in fiscal year 2005.

Restricted fund balance in the General Fund represents bond proceeds from the Series 2009 Macon-Bibb County Industrial Authority Revenue Bonds restricted for debt service and in fiscal year 2013 an additional restricted fund balance of \$650,623 representing state funds received for public roadway improvements.

Committed fund balance in the General Fund represents stabilization funds equivalent to 45 days of normal operating expenditures and other financing uses, based on the subsequent fiscal year's budget.

LAST TEN FISCAL YEARS

NOTES (CONTINUED):

Assigned fund balance in the General Fund represents amounts intended for specific purposes. Amounts assigned for contributions to the OPEB Trust Fund and Group Insurance Fund included \$2 million in years 2005 and 2006, \$1.5 million in 2007 and \$5.5 million in 2008. The large increase in FY 2010 was due to the assignment of \$9.8 million to cover fund balance budgeted for the FY 2011 budget. FY 2011 included \$2.4 million assigned for the FY 2012 budget. FY 2012 included \$4.9 million assigned for the FY 2013 budget and \$2.4 million assigned for purchases on order. FY 2013 included \$7.8 million assigned for the FY 2014 budget and \$1.1 million assigned for purchases on order.

Total fund balance in General Fund increased in FY 2008 due to several factors. Current year property tax collections, tax penalties, and commissions on tax collections exceeded budget by \$1.6 million, partially due to the issuance of 2006 and 2007 FIFAs in fiscal year 2008. The Tax Assessor's Office budgeted \$1.9 million in contract services for the revaluation, but only \$638,308 had been spent as of year end. The Corrections Division was under budget by \$776,232, as fiscal year 2008 was the first year of operations with the completed LEC expansion. Numerous Corrections positions were vacant at times during the fiscal year, resulting in salaries and benefits being under budget by \$696,388. The Patrol Division was also under budget due to vacancies, with salaries and benefits under budget \$352,600.

Total fund balance in General Fund decreased in FY 2009 due to several factors. Local option sales tax was \$775,353 less than budgeted due to the downturn in the economy. Fine and forfeiture revenue was \$357,160 under budget. General governmental expenditures increased significantly in FY 2009. Board of Commissioners included \$2.5 million for land acquisition and \$5.5 million was contributed to the County's OPEB Trust Fund.

Total fund balance in General Fund increased in FY 2010 due primarily to reduced expenditures as a result of budgetary constraints. Payments to outside agencies for Health and Welfare services were reduced by \$2.9 million. The contribution to the OPEB Trust was reduced from \$5.5 million in 2009 to \$4 million in 2010.

Total fund balance in General Fund decreased in FY 2011. A significant factor in the decrease was the \$15 million reduction of transfers from the SPLOST Debt Service Fund. In prior years, excess sales tax proceeds were transferred to the General Fund for property tax relief. The tax expired in March 2009.

Total fund balance in General Fund increased in FY 2012 primarily due to reduced expenditures. Expenditures were \$9 million less than final budget amounts. Public Works equipment of \$1.9 million was budgeted in FY 2012 but was not received until FY 2013. Debt service and transfers to the Debt Service Fund were less than budget by \$1.1 million, as these expenditures were funded by the new SPLOST. Transfers to the Capital Improvements Fund were less than budget by \$767,864, because project expenditures were started in FY 2012 but not completed until FY 2013. Transfers to the OPEB Trust Fund were reduced from \$3.1 million in FY 2011 to \$2.35 million in FY 2012.

Total fund balance in General Fund increased in FY 2013 and included restricted grant funds received of \$650,623 and City of Macon contributions to the purchase of computer hardware and software in preparation for consolidation in 2014.

Restricted fund balance reported in Special Revenue Funds declined in FY 2011, primarily due to a decline in the Fire District Fund of \$1.7 million. The City of Macon increased the pension contribution rate from 6% to 16.44% which resulted in additional costs of approximately \$542,000 for FY 2011 personnel costs and \$493,000 for prior year benefit costs. The Fire Fund also reimbursed the Capital Improvements Fund \$312,999 for the purchase of fire station property. The balance increased in fiscal 2013, with an increase of \$1.4 million in the Recreation Fund and \$2 million attributable to the new DFACS MIL Fund.

Restricted fund balance reported in Debt Service Funds increased in FY 2006 and FY 2007 primarily due to the SPLOST Debt Service Fund. A Special Local Option Sales Tax was passed in 2005 to allow for the collection of sales tax to be used to repay certain general obligation debt previously paid with property taxes. The fund retired debt obligations totaling \$37.7 million in FY 2008, which resulted in a decrease in fund balance restricted for debt service in FY 2008. Excess sales tax collections in 2009 and 2010 were transferred to General Fund to provide property tax relief. Restricted decreased in 2012. The 2012 SPLOST will provide funding to payoff several outstanding bond issues including funds previously held for the 1992 Public Building Project. The balance of \$1.5 million previously held in this debt service fund was transferred to the Capital Improvement Fund and assigned for future maintenance for these facilities. Restricted decreased in 2013, due to current year draws from the 1998 GMA lease-pool program.

Restricted fund balance reported in Capital projects funds fluctuated due to progress on large capital projects. The 2002 Law Enforcement Center Project Fund declined \$13.8 million in FY 2007 and was completed in FY 2008. The FY 2010 decrease included SPLOST Transportation Fund decrease of \$2.7 million and Capital Improvements Fund decrease of \$4.2 million. The FY 2011 decrease included a decrease of \$717,825 from the completion of the 2002A Public Facilities Project Fund and a decrease in the SPLOST Transportation Fund of \$1.2 million. The FY 2012 and 2013 increases were primarily due to the 2012 SPLOST Fund, which included the issuance of \$20 million in bonds in FY 2012 and the first full year of sales tax collections in FY 2013.

NOTES:

Amounts presented for fiscal year 2004 have been restated for the effects of prior period adjustments recorded in fiscal year 2005.

The increase in tax revenue in fiscal year 2006 was primarily due to a Special Local Option Sales Tax passed in calendar year 2005. The decline in years 2009 and 2010 was primarily due to the expiration of this tax, which expired in March 2009, and a two-mill rollback of the property tax millage rate. Tax revenues increased in FY 2012 partly due to a two-mill increase in property taxes. A new SPLOST approved with collections beginning in April 2012 caused tax revenue to increase in 2012 and significantly in 2013.

Intergovernmental revenues declined in 2010. As the SPLOST Transportation Fund is nearing completion of several projects, revenues from Department of Transportation have declined. Revenues from DOT declined \$2.2 million from the prior year. Intergovernmental increased significantly in 2013 due to City of Macon contributions to the Recreation Fund at 18% of the City's local option sales tax.

General government expenditures in fiscal year 2009 included \$5.5 million transferred to the County OPEB Trust Fund and \$2.5 million for land acquisition.

Recreation expenditures increased in fiscal 2013 primarily due to the first operating year of the Recreation Fund, which is funded by 18% of local option sales tax from the County and the City of Macon.

Economic development in fiscal year 2009 included \$3.2 million reimbursed to Macon-Bibb County Industrial Authority for Sofkee Park infrastructure improvements. FY 2012 included \$2.5 million transferred to City of Macon for their portion of SPLOST proceeds and \$3.1 million in land acquisition for BRAC.

Intergovernmental in 2012 and 2013 represents the County payments to the City of Macon for their portion of special purpose local option sales tax proceeds received from the 2012 SPLOST.

Debt service in fiscal years 2004 and 2005 included accelerated payments for the Bibb County School District 1998 General Obligation School Bonds, paid with proceeds from the Bibb County School District. The payments totaled \$30,468,848 and \$25,488,836 in 2004 and 2005, respectively. The reimbursements from the Bibb County School District were reported in intergovernmental revenue.

Debt service in fiscal year 2008 included the early payoff of the Series 2002 and Series 2005 Law Enforcement Center project bonds, with debt service for the year totaling \$34,590,431. The bonds were paid off with proceeds from the 2005 SPLOST Debt Service Fund.

Debt issuance in 2005 included an additional \$13 million for law enforcement center expansion expenses. Debt issuance in 2006 represented a bond issue of \$7.9 million for the Bass Pro Shop project. Debt issuance in 2007 included \$168,394 GEFA loan and \$4,995,000 bond for public facility improvements. Debt issuance in 2009 included two bond issues. The County issued \$11.5 million to refund \$7.7 million in outstanding Bass Pro bond debt and provide \$3.8 million for Sofkee Park development, issuance costs and capitalized interest. The County issued \$6.2 million to finance land acquisition and public facility improvements. Debt issuance in 2011 included \$11.175 million to refund outstanding bonds Series 1993, 1996 and 2000. Debt issuance in 2012 included \$20 million to finance SPLOST projects to be paid from proceeds of the SPLOST tax approved in 2011.

NOTES:

Fluctuations in property tax revenues are directly tied to changes in the County millage rate. Calendar year property tax assessments are reported as revenues in the subsequent fiscal year. The decrease in property tax revenue in 2006 was due to a reduction of the millage rate from 16.3899 to 15.2379. A Special Local Option Sales Tax was passed in 2005 to allow for the collection of tax to be utilized to repay certain outstanding debt. As a result, the County eliminated the millage for general obligation debt. Property tax revenue increased in 2008 due to a one mill increase in the millage rate. Revenue decreased in 2009, due to a two-mill rollback. The County utilized excess SPLOST proceeds to provide property tax relief. The two mills were added back to calendar year 2011 taxes, which resulted in an increase in tax revenue for FY 2012.

The increase in sales tax in fiscal year 2006 and 2007 was due to the SPLOST passed in June 2005, with proceeds totaling \$13 million in FY 2006, the initial year of collections, and \$22 million in FY 2007, the first full year of tax collections. Taxes declined in 2009 and 2010, as the SPLOST expired in March 2009. The voters approved another SPLOST in 2011 with collections beginning in April 2012, which resulted in an increase in sales tax revenue beginning in 2012 with a full year of collections in 2013.

A portion of the intangible tax began being distributed directly to the local school board in fiscal year 2006, as a result of the school board gaining taxing authority.

Other taxes increased in fiscal year 2008, 2009, 2011, and 2012, primarily due to increased collections of interest and penalties on delinquent taxes.

The County assesses property at the rate of 40% of estimated actual value, with the exception of timber, which is assessed at 100%.
Tax rates are per \$1,000 of assessed value.

Fiscal year 2010 reflects an increase in assessed values due to completion of a county-wide property tax revaluation.

NOTES:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Bibb County. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

NOTES:

Assessed value and exemptions applicable to property taxable for bonded debt differ from value and exemptions for maintenance and operations.

Under State of Georgia law, Bibb County's outstanding general obligation debt should not exceed 10 percent of total assessed property value.

The legal debt margin is the difference between the debt limit and the County's net general obligation debt outstanding applicable to the limit, and represents the County's legal borrowing authority.

In fiscal years 2004 and 2005 accelerated payments were made for the Bibb County School District 1998 General Obligation School Bonds, paid with proceeds from the Bibb County School District. The payments totaled \$30,468,848 and \$25,488,836 in 2004 and 2005, respectively.

The County issued \$20 million in general obligation sales tax bonds in FY 2012.

BIBB COUNTY, GEORGIA
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The Schedule of Expenditures of Federal Awards is prepared using the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

B. Measurement Focus

The determination of when an award is expended is based on when the activity related to the award occurred.

C. Amount Provided to Subrecipients

Of the federal awards listed, the County had no major programs that provided amounts to subrecipients.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

**To the Board of Commissioners
of Bibb County, Georgia
Macon, Georgia**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Bibb County, Georgia (the "County"), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 30, 2013. Our report includes a reference to other auditors and to the implementation of new accounting standards which modified terminology and presentation of certain accounts and changed the accounting for bond issuance costs. Other auditors audited the component unit financial statements of the Macon-Bibb County Industrial Authority, the Middle Georgia Regional Library, the Macon-Bibb County Board of Health, the Macon-Bibb County Convention and Visitors Bureau, the Macon-Bibb County Planning and Zoning Commission, and the Development Authority of Bibb County as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Bibb County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bibb County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Bibb County, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bibb County, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

**To the Board of Commissioners
of Bibb County, Georgia
Macon, Georgia**

Report on Compliance for Each Major Federal Program

We have audited Bibb County, Georgia's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Bibb County, Georgia's major federal programs for the year ended June 30, 2013. Bibb County, Georgia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Bibb County, Georgia's basic financial statements include the operations of the Macon-Bibb County Board of Health, which received \$673,127 in federal awards which is not included in the schedule during the fiscal year ended June 30, 2013. Our audit, described below, did not include the operations of the Macon-Bibb County Board of Health because the component unit engaged other auditors to perform an audit in accordance with OMB Circular A-133.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Bibb County, Georgia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Bibb County, Georgia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Bibb County, Georgia's compliance.

Opinion on Each Major Federal Program

In our opinion, Bibb County, Georgia complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of Bibb County, Georgia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Bibb County, Georgia's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Bibb County, Georgia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
