Section 21. The Sponsored Programs Fund budget in the amount of \$255,940 for Bibb County, Georgia, covering the fiscal year beginning July 1, 2012, and ending June 30, 2013, as hereto attached as Exhibit "U" and by reference made a part hereof, is hereby approved and adopted as the budget for Bibb County, Georgia, to account for programs sponsored in whole or in part by other intergovernmental agencies.

Section 22. The Recreation Fund in the amount of \$6,403,844 for Bibb County, Georgia covering the fiscal year beginning July 1, 2012 and ending June 30, 2013, as hereto attached as Exhibit "V" and by reference made a part hereof, is hereby approved and adopted as the budget for Bibb County, Georgia for the provision of recreation facilities and services in Bibb County.

Section 23. The several items of revenue shown on the respective exhibits attached hereto in the amounts anticipated are hereby adopted. The sums shown as expenditures attached hereto are

hereby obligated and appropriated for the several purposes indicated respectively, and expenditure thereof up to the several sums shown is hereby authorized.

Section 24. The expenditures shall not exceed the appropriations authorized by this budget or amendments thereto provided; however, that the expenditures for the fiscal year shall not exceed actual funding sources.

Section 25. Within the overall budget limitations, authority is hereby delegated to the Finance Director to transfer funds from one budget line-item to the other within a department, provided the line-items affected by said transfer are within the same budgetary category. For purposes of this provision, the budget categories will be Personal Services, Operating Expenditures and Capital Outlay. For departments such as Law Enforcement and Public Works, that have separate budgets for each departmental division, the above-mentioned authority will be confined to each respective division budget. Transfers, from one budget category to another, cannot be made without the approval of the appropriate committee. The Finance Director is authorized to transfer funds from the line item Capital Outlay Contingency to Capital Outlay line items in all General Fund departments and all Fire Fund departments provided the amounts are within the not-to-exceed limits set for each line item. No increase in the overall budget can be made without the approval of the Board of Commissioners and amendment to the budget.

Section 26. As defined in the Financial Policies approved by the Bibb County Board of Commissioners, the County's Stabilization Fund is used to accumulate resources to mitigate the impact of significant economic downturns, emergencies or other exigent circumstances that are not expected to occur routinely. The Bibb County Board of Commissioners hereby commits the following resources as Stabilization Funds for the fiscal year beginning July 1, 2012 and ending June 30, 2013: a General Fund Stabilization Fund equivalent to 45 days of normal operating expenditures

and other financing uses, totaling \$10,751,512. This policy as it relates to the Fire District Fund has been suspended for the fiscal year beginning July 1, 2012 and ending June 30, 2013. Stabilization Funds are an element of Committed Fund Balance whose uses are constrained by limitations that the government imposes upon itself and that remain binding unless removed in the same manner.

Section 27. Notwithstanding any other provision thereof, the Board of Commissioners of Bibb County expressly reserve the right to alter and amend this resolution so as to alter or vary the amounts appropriated, and this shall be so whether such alteration or amendment results in an increase or decrease in authorized expenditures for one or more specific purposes.

Section 28. All resolutions or parts thereof in conflict herewith are hereby repealed.

BUDGETARY BASIS

All budgets are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP), except that encumbrances are treated as budgeted expenditures in the year the commitment to purchase is incurred. This basis is consistent with the basis used in Bibb County's Comprehensive Annual Financial Report (CAFR).

BUDGET CONTROL GUIDELINES

It is the responsibility of each department to control expenditures and expend funds only for items that have been budgeted. The Budget Resolution stipulates that expenditures shall not exceed the appropriation authorized by the budget. The Budget Resolution also delegates to the Finance Director the authority to transfer funds from one budget line-item to the other within a department provided the line-items affected by said transfer are within the same budgetary category. For purposes of this provision, the budget categories will be Personal Services, Operating Expenditures, and Capital Outlay. For departments such as Law Enforcement and Public Works, that have separate budgets for each departmental division, the above-mentioned authority will be confined to each respective division budget. Transfers from one budget category to another cannot be made without the approval of the Finance Committee. All funds appropriated for capital outlay in General Fund and Fire Fund are budgeted in one line item called "contingency capital outlay". The departments are given a list of the items that were approved but no funds are budgeted in the individual departments. When items are ordered and final prices known, an amount equal to the cost is transferred from capital outlay contingency to the individual department's capital outlay line item. The Finance Director is authorized by the Budget Resolution to transfer these funds provided the amounts are within the not-to-exceed limit for each item. No increase in the overall budget can be made without the approval of the Board of Commissioners and amendment to the budget.

FUND ACCOUNTING

The accounts of the County are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance/retained earnings, revenues, and expenditures/expenses. The following fund types are used by the County:

GOVERNMENTAL FUND TYPES

Governmental Funds are those through which most governmental functions of the County are financed. The acquisition, use and balances of the County's expendable financial resources, and the related liabilities, (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position rather than upon net income determination. The following are the County's Governmental Fund types:

<u>General Fund</u> - The General Fund is the general operating fund of the County. It is used to account for all financial resources not accounted for and reported in another fund.

FUND ACCOUNTING (continued)

<u>Special Revenue Funds</u> - The Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects.

<u>Debt Service Funds</u> - The Debt Service Funds are used to account for all financial resources restricted, committed or assigned to expenditures for principal and interest.

<u>Capital Project Funds</u> - The Capital Project Funds are used to account for all financial resources restricted, committed or assigned to expenditures for capital outlay.

PROPRIETARY FUND TYPES

The Proprietary Funds are used to account for the County's ongoing activities which are similar to those often found in the private sector. The measurement focus is upon determination of net income. The following are the County's Proprietary Fund types:

<u>Enterprise Funds</u> - The Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprise, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriated for capital maintenance, public policy, management control, accountability or other purposes.

<u>Internal Service Fund</u> - The Internal Service Fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or other governments, on a cost-reimbursement basis.

FIDUCIARY FUND TYPES

The Fiduciary Funds are used to account for assets held by the County in a trustee capacity, or as an agent for individuals, private organizations, other governmental units, and/or other funds.

<u>Pension and OPEB Trust Funds</u> - These Funds are accounted for in the same manner as Proprietary Funds. The County does not budget for these Funds.

<u>Agency Funds</u> - The Agency Funds are used to account for assets held by the County as custodian or agent for individuals, other governmental units, and non-public organizations. Agency funds are custodial in nature (assets equal liabilities) and do not include the measurement of results of operations. The County does not budget for agency funds.

BASIS OF ACCOUNTING

The modified accrual basis of accounting is followed in all governmental funds. Under this method, revenues are recognized when they become measurable and available. Expenditures are generally

BASIS OF ACCOUNTING (continued)

recognized when the obligation is incurred, with the exception of principal and interest on general long-term debt which is recognized when due.

Revenues which have been considered measurable and available, and accrued, are property, motor vehicles and intangible taxes, accrued interest on investments, and intergovernmental revenue.

Sales taxes, licenses and permits, charges for services, fines and forfeits, and miscellaneous revenues are recorded as revenues when received because they are not generally measurable until actually received.

All Proprietary Funds, Private Purpose Funds, Agency Funds and Trust Funds are accounted for using the accrual basis of accounting; whereby, revenues are recognized when earned and expenses are recognized when incurred.

PURCHASING POLICY

Encumbrances are established on the basis of issuance of purchase orders. In the event of insufficient funds within the account, purchase orders are not issued until an interdepartmental budget transfer is approved or until additional funds are made available by the Board of Commissioners.

The County has a Purchasing Department that was established by Section §2-351 of the Bibb County Code. The policy provisions, as contained in the Code, are summarized as follows:

§2-352. Purpose of Purchasing Policy; Local Preference

The purchasing practices and procedures prescribed by this Code shall control the purchase of materials, supplies, equipment and contractual services of the County. They are designed to ensure maintenance of high ethical standards for all officers and employees of the County and to procure for the County required supplies and services of a high quality and at the lowest possible cost, on a timely basis. The County reserves the right to award bids to County businesses and merchants whose bid is within two percent (2%) of the lowest responsive and responsible bid that conforms to the invitation to bid.

§2-353. Purchase from Employees

The Board of Commissioners of the County shall refuse to pay for any material, supplies, equipment or premiums hereafter purchased by any individual, committee or board from any person or business in which there is an employee of the County, connected either by appointment or election.

PURCHASING POLICY (continued)

§2-354. Unauthorized Purchases

- (a) No person shall order the purchase of any materials or supplies, or make any contract for materials or supplies or for services to be paid for from County funds, except as provided by this Code. The County will not be responsible for the payment of any bills submitted for unauthorized purchases.
- (b) No purchases of materials, supplies, equipment and services shall be made in the name of the County or one of its departments, or through its Purchasing Division of the Finance Office, except such as are required for official use by the County or one of its departments. Purchases in the name of the County or a department for personal use by an individual or for other than official use are prohibited, and no County funds will be expended or advanced therefore.

§2-355. Open Market Purchases

Except in cases of emergency, no order shall be issued for the delivery of a contract or open market purchases until it has been determined that there exists a sufficient unencumbered appropriation balance for the budget line-item to be charged.

§2-356. Emergency Purchases

Emergency purchases may be made by a County department to protect the public health of citizens or when immediate repair is necessary to prevent further damage to public property, machinery, or equipment. The need to expedite a purchase, due to lack of planning, overlooked requirements, inaccurate usage history, and inadequate forecasting, shall not constitute a bona fide emergency purchase.

After receiving oral justification from user department, the Purchasing Division may approve an emergency purchase with written justification forwarded the next working day.

§2-357. Forms

The Purchasing Division of the Finance Office shall prescribe and maintain such forms as may be necessary for the administration of County purchasing practices.

§2-358. Designation of Authority To Contract

- (a) When the sum involved is \$50,000.00 or more, the contract shall be awarded by the Board of Commissioners upon receipt of written sealed bids to the lowest responsive and responsible bidder whose bid conforms to the invitation for bid; or it may delegate the Chairman of the Board the power to award the contract.
- (b) When the sum involved is \$25,000.00 but does not exceed \$49,999.99, the contract may be awarded by the Chief Administrative Officer upon receipt of written sealed bids, to the lowest responsive and responsible bidder whose bid conforms to the invitation for bid. The bid must be within budget and recommended by the user.

PURCHASING POLICY (continued)

- (c) When the sum involved is \$2,500.00 but does not exceed \$24,999.99 the contract may be awarded by the Purchasing Director upon receipt of written quotes when the goods to be purchased are of the type generally on the open market and may be purchased at prevailing market prices or less.
- (d) When the sum involved is less than \$2,500.00 the purchase of supplies, materials, equipment and services may be made by the Purchasing Director upon receipt of verbal quotes or where such supplies, materials, equipment and services are not available on County contracts, by utilizing the State of Georgia Purchasing Card Program.
- (e) All bids that are required to be sealed and in writing, shall be opened in public at the time and place specified in the invitation for bid and shall be witnessed and certified by the Purchasing Director.
- (f) In all cases where sealed bids are either unbudgeted, not within budget, or not recommended by the user, the bid shall be submitted to the Board of Commissioners for approval.
- (g) Generally, no contract will be awarded unless there are at least two (2) responsive quotes or bids. In appropriate cases, contracts may be awarded to other than the lowest bidder in a case where the lowest bidder is found not qualified to perform.

§2-359. Solicitation of Bids

Unless an emergency is involved, sole source procurement is necessary, the order is for goods already bid on a requirements basis or unless otherwise excused, all purchases shall be made only after solicitation of a reasonably broad range of suppliers through the issuance of an invitation to bid specifying the nature of the purchase or contract and allowing reasonable time for the receipt of written responses. In every case, the County reserves the right to reject any and all bids and to waive informalities.

COUNTY-SUPPORTED AGENCIES - ACCOUNTABILITY

Bibb County funds twenty-two (22) outside agencies. The agencies are required to maintain adequate accounting records which properly reflect their financial transactions. Agencies are required to submit monthly financial statements to the County Finance Office. Agencies receiving \$5,000 or more in funding from Bibb County are also required by County Ordinance to submit audit reports and management letters to the County no later than one-hundred-twenty (120) days following the end of the fiscal year for reporting agencies having expenditures of less than \$3,000,000 and one-hundred-eighty (180) days following the end of the fiscal year for reporting agencies having expenditures in excess of \$3,000,000. Agencies receiving less than \$5,000 in funding from Bibb County are required to submit a compilation. The County's Internal Auditor also conducts periodic audits on the various agencies.

SUMMARY

Bibb County's number one priority is to provide the most effective and efficient service to its citizens. Such high quality service is delivered daily through 899 budgeted full-time and approximately 147 part-time/temporary employees. These employees who comprise Bibb County's work force are dedicated to providing the highest quality of service possible to each and every citizen in our community.

The FY 2013 Personal Services budget funds the salary and fringe benefit package offered to those employees. Also the Human Resources Department budget reflects the funds appropriated to implement a human resource system with its primary goal being to establish an environment which affords each employee to be the most productive he or she can be. This goal is met through human resource planning, recruitment and selection, orientation and induction training and development, employee services, benefits administration, affirmative action programs, performance appraisal, wage and salary administration, employee health and safety programs, vehicle safety programs, communication and pension plan administration.

The Bibb County benefit package for its employees includes:

Salaries
Healthcare Insurance
Prescription Card Service
Life Insurance
Social Security
Retirement and Pension Plan
Employee Assistance Program
Deferred Compensation Plan
Cafeteria Plan
Workers' Compensation
Supplemental Insurance

The main role of the Human Resource Department is to create an environment in which a contented, healthy, skilled and committed Bibb County work force can operate with the prospect of increased rewards through increased efficiency and effectiveness.

SALARY AND BENEFITS

SALARIES

Bibb County's salaries conform to all State and Federal guidelines. The salary package includes pay for holidays, annual leave and sick leave. The Sheriff's Department also has an Incentive Pay Plan. As customary, salary accounts include regular salaries, overtime salaries and part-time salaries.

HEALTHCARE INSURANCE

Bibb County provides comprehensive healthcare for all full-time employees and for retirees. Bibb County also contributes toward healthcare for the employees' and retirees' dependents. Coverage begins 30 days after the day of initial hire. Participants may choose either a Preferred Provider Plan (PPO) or a Point of Service Plan (POS). Premium discounts are available to employees based on participation in the Wellness Program which consist of an annual biometric screening and the completion/update of a health risk analysis. An additional discount is given to each employee whose household is tobacco free. Employees hired prior to March 1, 2006 are grandfathered and are not required to have a smoke free household to obtain this discount. In addition to medical coverage, Bibb County offers dental and vision coverage. Monthly premiums are as follows:

Base Employee Premium, PPO	\$151.64
Base Employee Premium, POS	138.64
Wellness Discount	(55.00)
Non-Tobacco Use Discount	(50.00)
Dental Coverage	18.24
Vision Coverage	5.42

In FY 2013, Bibb County will contribute \$8,466 annually for each employee and each retiree who are enrolled in the healthcare coverage plan. The County healthcare coverage is a self-insured plan administered by Blue Cross/Blue Shield of Georgia as third party administrator (TPA).

LIFE INSURANCE (AD&D)

Bibb County provides to all full-time employees, life insurance and accidental death and dismemberment insurance. Employees hired prior to May 1, 2011 receive life insurance of twice the employee's annual salary, up to a maximum of \$100,000, rounded to the next highest \$1,000. Those employees hired on or after May 1, 2011 receive \$25,000 of life insurance coverage. Bibb County pays the cost of this life insurance benefit: \$.255 per \$1,000 of coverage (including AD&D). Coverage is also provided for retirees with the benefit being dependent upon the year of retirement. The cost to the County is \$2.00 per \$1,000 of coverage. All employees retiring January 1, 2003 or

SALARY AND BENEFITS (continued)

after receive a benefit equal to pre-retirement annual earnings with a minimum benefit of \$8,000 and a maximum benefit of \$50,000. The benefit does reduce with age and the final reduction is at age 80 when the benefit reduces to 20% of the original benefit. There is no life insurance benefit after retirement for employees hired May 1, 2011 and after. Life insurance for these employees is portable and the employee may keep the coverage by paying the portable premium.

SOCIAL SECURITY (FICA)

All full-time employees are enrolled in the Social Security Act. Bibb County contributes the employer's share of 6.2% of earnings up to a maximum of \$110,100 and 1.45% of total earnings. Part-time, seasonal and temporary employees are provided with an Omnibus Budget Reconciliation Act of 1990 (OBRA) Deferred Compensation Plan in place of Social Security. Participation in the defined contribution plan is mandatory. The County makes no contribution to the plan. Employees are required to contribute 7.5% of gross salary, which is excluded from taxable income. Medicare coverage is provided to all employees. Employees are required to contribute 1.45% of total earnings. Bibb County contributes the employer's matching share of 1.45% of total earnings.

RETIREMENT AND PENSION PLAN

A retirement and pension plan is provided to all full-time employees through employer contributions on behalf of each employee into a retirement and pension fund. Two plans are offered, a General Plan and a Law Enforcement Plan. No payroll deduction is required by the employee (effective since October 1, 1981). Both plans offer early, normal and disability retirement options, as well as survivor benefits.

Retirement benefits for both plans are calculated according to the following formulas:

Employees hired prior to May 1, 2011:

Two percent (2%) of employee's average monthly salary for the highest three (3) calendar years, multiplied by years of service. Early retirement is calculated by subtracting 2% for each year early retirement precedes the normal retirement date.

Employees hired on or after May 1, 2011:

One and a half percent (1.5%) of employee's average monthly salary for the highest three (3) calendar years, multiplied by years of service. Early retirement is calculated by subtracting 2% for each year early retirement precedes the normal retirement date.

SALARY AND BENEFITS (continued)

A General Plan participant hired prior to May 1, 2011 may retire at age 60 or 30 years of service.

A General Plan participant hired on or after May 1, 2011 may retire at age 65 or 30 years of service.

A Law Enforcement Plan participant may retire at age 55 or 25 years of service. Only the Bibb County Sheriff's Department, Civil Court Sheriff's Department, Juvenile Court Probation Officers, District Attorney Investigators and Lake Tobesofkee Law Enforcement Rangers are eligible for the Law Enforcement Plan.

In FY 2013 the County will contribute 16.85% of covered payroll to the Pension Plan. Based on an experience study performed by the actuaries for the four year period ending July 1, 2008 there were demographic assumption changes made in regard to the Bibb County Pension Plan valuation. These changes which included a change to the retirement decrements to match experience and lower rates of salary increases to better match experience were the key factors in the contribution rate remaining the same since FY 2010. Based on the unfunded accrued liability and the funding ratio resulting from these new assumptions the County could have reduced its annual required contribution rate. The Board of Commissioners made the decision to leave the contribution rate at the level in place prior to the assumption changes. The thought was that this would allow consistency, at least for a few years, in the contribution rate and would also allow for an increase to retiree benefits without creating the need to increase the contribution rate.

EMPLOYEE ASSISTANCE PROGRAM

Bibb County provides an Employee Assistance Program to all County employees and their families at no cost to the employee. The County budgeted \$12,500 to provide this service to all employees in FY 2013.

DEFERRED COMPENSATION PLAN

Bibb County provides a Deferred Compensation Plan for its employees to supplement its pension plan. The County does not contribute to this plan.

CAFETERIA PLAN

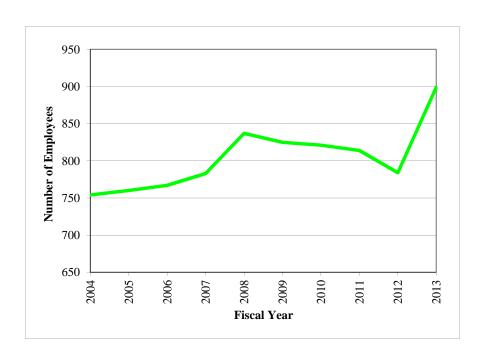

Bibb County provides a Cafeteria Plan to its employees to defer premiums for dependent health insurance, vision insurance premiums and dental insurance premiums before taxes. Other costs included under this plan are unreimbursed medical expenses, child care, cancer insurance, hospital intensive care insurance, direct-cash hospital indemnity insurance and income security plus insurance.

SALARY AND BENEFITS (continued)

PAY ADJUSTMENT

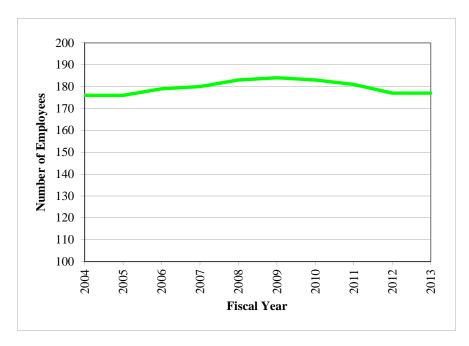

The FY 2013 budget does include \$637,000 in a "Contingency" line item for the purpose of implementing the second phase of a compensation plan which was developed for Bibb County by the Regional Commission. The implementation of this phase is scheduled for January 1, 2013.

Notes:								

The Bibb County Board of Education was granted taxing authority in a referendum approved by the voters in November 2004. The passage of a SPLOST in June 2005 for the purpose of the payment of debt eliminated the 1.15 mills previously levied for Debt Service.

The millage decrease in tax year 2008 was the result of excess funds that were collected from the SPLOST which was approved by the voters on June 21, 2005.

The County contracted with an outside firm, Tyler Technologies, Inc. to perform a property revaluation for tax year 2009. The rollback rate required to make the revaluation revenue neutral was 10.00 for County operations and 2.15 for the Fire District. The Board of Commissioners adopted the 2009 tax levy at the rollback rates.

The millage decrease which took effect with the 2008 tax year levy was maintained through tax year 2010. During this three year period both excess SPLOST proceeds and fund balance were used as alternative revenue sources.

The tax year 2011 levy added back the two mills to the general maintenance and operations budget and there was a 1/2 mill increase to the Special Fire District millage.

The tax year 2012 levy was adopted on August 7, 2012 and maintained the same levy as 2011 for both County operations and the Fire District. The State millage was reduced by .05 mills.

GENERAL FUND

The General Fund is utilized to account for the revenues and expenditures necessary to carry out the basic governmental activities of Bibb County. The budget categories are broken down as follows:

Judicial
Administrative and General
Public Safety
Public Works
Public Transportation
Health and Welfare
Culture, Recreation and Beautification
Conservation of Natural Resources
Planning and Zoning
Industrial and Urban Development
Debt Service-Revenue Bonds and Other

Revenues are derived from taxes, licenses and permit fees and service charges. The expenditures incurred are for current day-to-day expenses and operating equipment.

All funds appropriated for capital outlay in General Fund are budgeted in one line item called "contingency capital outlay". The departments are given a list of the items that were approved but no funds are budgeted in the individual departments. When items are ordered and final prices known, an amount equal to the cost is transferred from capital outlay contingency to the individual department's capital outlay line item. The Finance Director is authorized by the Budget Resolution to transfer these funds provided the amounts are within the not-to-exceed limit for each item.
