Demolition and Haul away
DEMOLITION
DEMOLITION

An exterior wall at M-BC Fire Station 12 was damaged by a car crash and needs to be repaired and rebuilt as it was. This involves demolition of the damaged wall (about 12 LF), and rebuilding the wall with 8" CMU, including re-using the original 10'-0" steel lintel beam. Also, there are some interior, non load bearing CMU walls that will be demolished for future renovation of the space.

DEMOLITION

DOMOLITION

Demolition of structure.

Demolition of entire structure for the City of Macon fight the blight.

Utilities. Arrange for all utilities to be capped and abandoned. Water service line shall be permanently capped at the curb stop and be inspected by Macon Water Authority. Natural gas service shall be permanently terminated by governing utility.

Remove and Demolish. This Contractor is responsible to remove, demolish and dispose of complete interior and exterior demolition and all components necessary to access all abatement items, including but not limited to, walls, counters, cabinets, sinks, appliances, trim work, miscellaneous, carpeting, flooring, metal window and/or glass block frame and associated trim and shades, window systems, window sills,
